CHAPTER 1 – GOVERNANCE

BY-LAWS OF THE FACULTY OF
THE FLETCHER SCHOOL OF LAW AND DIPLOMACY

ACCEPTED BY THE TRUSTEES OF TUFTS UNIVERSITY ON NOVEMBER 1, 2013

ARTICLE I

The Faculty of The Fletcher School of Law and Diplomacy (the “School”) consists of all persons holding tenured and tenure track teaching appointments; all persons with full-time affiliated appointments; and those affiliated faculty with multi-year, half-time or greater appointments. The Dean may also designate other affiliated persons with teaching appointments as members of the Faculty. The President of Tufts University, the Provost, and the Dean of the Fletcher school are members ex officio of the Faculty.

ARTICLE II

1. The Executive Faculty consists of all tenured and tenure-track professors at The Fletcher School of Law and Diplomacy. The President of Tufts University, the Provost, and the Dean of the Fletcher School are members ex officio of the Executive Faculty.

2. Regular meetings of the Executive Faculty shall be held at the beginning and end of each academic term, and at such other times as the Dean may specify. Special meetings may be called at any time during the academic year by the President or the Dean. The Dean may invite members of the Faculty to attend Executive Faculty meetings, and may invite guests at his discretion.

3. The Executive Faculty regulates and oversees admissions, curriculum, requirements for degrees, grants in aid and scholarship awards, and all other matters referred to it by the Dean. Subgroups of the Executive Faculty designated by the School’s Tenure and Promotion Regulations also make recommendations for tenure and promotion in accordance with such regulations.

4. The Executive Faculty shall make its decisions by consensus, meaning that proposals shall be considered adopted after being stated explicitly and after an explicit call for consensus, if no member of the Executive Faculty objects. However, any member of the Executive Faculty, upon a motion duly seconded, may call for a vote, in which case the Executive Faculty shall decide by voting. Unless otherwise so specified herein or in the School’s tenure and promotion regulations, votes shall be decided by the majority of those voting, by secret ballot, provided that no action may be taken unless a quorum of 50% of the Executive Faculty is present.

5. No proxy ballots will be permitted, except in circumstances in which the grantor is ill or on leave.

6. At the first Executive Faculty meeting of the academic year, time shall be set aside for discussion of important issues, including issues relating to governance, to be placed on the
agenda for meetings during the academic year. Faculty meetings should be used primarily to discuss substantive strategic and governance issues.

7. Agendas of Executive Faculty meetings will specify whether the agenda item is for consultation or whether it is expected to be subject to an Executive Faculty decision. Barring exigent circumstances, matters for which appropriate information has not been distributed at least one week in advance of a meeting of the Executive Faculty shall be stricken from that meeting’s agenda. Supporting material for new programs will require information regarding budgets, marketing plans, curricula, and hiring plans to be distributed in advance.

8. The Faculty recommends to the Trustees of Tufts College all candidates for degrees at the School.

ARTICLE III

The Executive Faculty shall establish such ad hoc committees as it deems necessary. The Dean appoints the members of these committees from the Executive Faculty; the Dean can invite other Faculty members to join ad hoc committees in recognition of their special competencies or contributions to the School.

ARTICLE IV

The Executive Faculty shall have the following standing committees appointed by the Dean:

1. A Committee on Admissions and Scholarships whose function shall be to supervise and approve the admission of students and the granting of all financial aid.

2. An Academic Council whose function shall be to give continuous attention to the broad educational policies of the School, to discuss degree requirements, to approve new courses or changes in courses, to act as a forum for discussion between the administration of the School and the Faculty, to provide advice to the Dean on setting priorities in hiring, budgeting, curriculum, and strategic planning, and to provide advice to the Dean on affiliate faculty appointments in accordance with the policy on Affiliated Faculty Appointments at the Fletcher School. The Academic Council will prepare an annual report to the Dean on faculty hiring priorities, for discussion and approval by the Executive Faculty.

The Academic Council will include the chair of each of the School’s Academic Groups. Each Academic Group will select its own chair who will serve for a two-year period, during which time they will also serve on the Academic Council. Initial appointments and replacements will be staggered so as to ensure continuity. At the end of the term of the chair of an Academic Group, the chair may stand for re-election, provided that no person shall serve for more than six consecutive years. In addition, the Academic Council may include up to two additional members of the full-time Faculty selected by the Dean in order to add perspectives that might otherwise be insufficiently represented. The Academic Council will also include the Academic Dean as a voting member, ex officio. The other associate deans of the School shall be non-voting ex officio members of the Academic Council. The Dean shall be invited to
attend all Academic Council meetings. The Academic Council will elect its own chair. It will meet approximately monthly, and members will report back to faculty constituents at Academic Group meetings, and will report to the Faculty at Faculty meetings. The Academic Council shall make its agendas available to Faculty members and senior staff in advance of its meetings, and shall make its minutes available to Faculty members and senior staff soon after each meeting. The Academic Groups shall initially be: (i) Diplomacy, Foreign Policy, and International Organizations, (ii) Security and Conflict Resolution, (iii) Public and Private Management, (iv) International Economic Relations, and (v) Sustainable Development. The names and number of Academic Groups may be modified by vote of the Executive Faculty. Each member of the Executive Faculty shall choose at least one Academic Group assignment in consultation with the Academic Dean. The Academic Dean may also appoint other Faculty to Academic Groups. Academic Groups are intended to promote interdisciplinary academic policy discussion and input to the Academic Council with respect to curriculum, faculty hiring, and other issues.

3. A Committee on Tenure and Promotion whose members evaluate all tenured and tenure-track faculty members for contract renewal, promotion, or tenure in order to make formal recommendations to the designated subgroup of the Executive Faculty; and provide advice to the Dean on affiliate faculty appointments in accordance with the policy on Affiliated Faculty Appointments at the Fletcher School. Members of the Committee on Tenure and Promotion will serve for four-year terms. The Committee on Tenure and Promotion shall not use proxy votes, and all votes shall be taken at meetings attended by all members, either in person or by electronic communications, except in extraordinary circumstances.

Members of the Faculty may be asked by the Dean to attend standing committee meetings, other than Tenure and Promotion Committee meetings, in a non-voting capacity.

ARTICLE V

In the absence of the President of the University, the Provost shall preside over full and Executive Faculty meetings; and in the absence of both, the Dean of The Fletcher School of Law and Diplomacy or the Dean’s designee shall preside.

ARTICLE VI

Amendments to these By-Laws not inconsistent with the By-Laws or regulations of the Trustees of Tufts College may be made by a two-thirds vote of the Executive Faculty of The Fletcher School of Law and Diplomacy at any stated meeting or properly called special meeting.

ARTICLE VII

These By-Laws shall be effective when approved by a two-thirds vote of the Executive Faculty and accepted by the Trustees of Tufts University.

Amended by the Board of Trustees on February 11, 2012
BYLAWS OF TRUSTEES OF TUFTS COLLEGE

Article I

THE CORPORATION

1.1 The legal corporate name of the Corporation is TRUSTEES OF TUFTS COLLEGE, under which name the management and execution of its business affairs are conducted. The name TUFTS UNIVERSITY is to be employed when referring to the institution in its entirety and inclusive of its undergraduate, graduate and professional schools and other activities of the institution as a whole.

Article II

THE TRUSTEES

2.1 AUTHORITY, RESPONSIBILITY AND NUMBER.

2.1.1 AUTHORITY AND RESPONSIBILITY. The Board of Trustees shall have the authority to carry out all lawful functions that are permitted by these Bylaws or by the Restated Articles of Organization. This authority shall include but shall not be limited to the following: (a) periodically review and approve the University's mission and purposes; (b) appoint the President who shall be the University's chief executive officer, and set appropriate conditions of employment, including compensation; (c) establish the conditions of employment of other key institutional officers; (d) support the President and assess his or her performance; (e) review and approve proposed major changes in the University's academic programs and other major enterprises consistent with the University's mission, plans and financial resources; (f) approve institutional policies bearing on faculty appointment, promotion, tenure and dismissal; (g) approve the annual budget and annual tuition/fees; (h) regularly monitor the University's financial condition, and establish policy guidelines affecting all institutional assets including investments and the physical plant; (i) contribute financially to the University's fundraising goals and participate actively in strategies to secure sources of support; (j) approve all earned and honorary degrees; (k) periodically undertake or authorize assessments of the Board's performance.

2.1.2 The Board of Trustees may delegate any of its authority or responsibility to any committee established by Article V, subject to the provisions of these Bylaws.

2.1.2 NUMBER. The Board of Trustees shall consist of no fewer than twenty-eight nor more than forty-one members.
2.2 **CLASSES.** The members of the Board shall be classified as follows:

2.2.1 **CHARTER TRUSTEES.** Up to thirty (30) in number, to be elected by the Board to serve for terms of five years that expire at the annual meeting of the Board. At any election of Trustees, there may be elected up to the maximum number of Charter Trustees permitted under the foregoing provision.

2.2.2 **ALUMNI TRUSTEES.** Up to ten (10) in number, to be elected by and from the alumni, to serve for terms of five years, such service to begin with the annual meeting of the Board of Trustees following the election. The term “alumni” as used in this Article II shall be deemed to include (a) each person who has received a degree from the University or from the Eliot-Pearson School or the Boston School of Occupational Therapy prior to the affiliation of said schools with the University and (b) each non degree-holding former student of the University who has pursued an approved course of study in the University for at least one academic year, provided that the prescribed period for completion of said course of study shall have passed.

2.2.3 **TRUSTEE EX OFFICIO.** The President of the University during such President's term of office shall serve *ex officio* with full voting rights.

2.3 **ELECTION OF CHARTER TRUSTEES.**

2.3.1 The Charter Trustees shall be elected by majority vote of the members of the Board of Trustees present and voting. Their election need not be by ballot but may be by ballot if requested by three or more Trustees present. If the election is by ballot, it shall be conducted in accordance with the following provisions. On the first ballot each Trustee voting shall enter on the ballot the name of no more than two nominees (or one if only one Charter Trustee of the class is to be elected) for election as Charter Trustees of the particular class and the name of any nominee no more than once on any ballot, and shall submit the ballot to one of the tellers appointed by the Chair. The tellers will tally and report to the Chair the total number of ballots cast and the number of votes cast for each nominee. A nominee receiving votes equal to or exceeding in number a majority of the ballots cast shall be declared elected. If no nominee, or only one nominee is elected, succeeding ballots shall be taken in the same manner as the first, except that voting shall be for only one nominee if the first ballot resulted in the election of one member. On the second and succeeding ballots, the nominee having the smallest number of votes in the next preceding ballot shall be excluded from consideration.

2.3.2 The Board of Trustees may by majority vote designate one or more persons as alternates to a person elected to the office of Charter Trustee, and in the event that the person so elected shall decline to accept his or her election, the first of such alternates in the order designated by the Board who is willing to act in such office shall, upon his or her acceptance thereof, be deemed to be elected to said office. Voting with respect to the designation of such alternates shall be conducted in a manner similar to that provided in section 2.3.1 for the election of Charter Trustees.

2.3.3 Any Charter Trustee who has served a ten-year term or consecutive terms totaling ten or more years shall not be eligible for reelection for a term commencing earlier than a year after the completion of such years of service. This subsection shall not apply in the case of a
Chair or Vice Chairs in office, provided, however, that they shall only be eligible for reelection on a year-to-year basis. There shall be no more than three Vice Chairs in office. This subsection shall not apply in the case of a chair or co-chair of an ongoing major capital campaign in office, provided, however, that they shall only be eligible for reelection on a year-to-year basis.

2.3.4 Any vacancy in the office of Charter Trustee may be filled by vote of the Board at any annual, regular or special meeting of the Board.

2.3.5 Any Charter Trustee whose term extends beyond the date when such Trustee attains the age of seventy-five years will serve only until the annual meeting that coincides in date with or next follows the date of such attainment. The Board of Trustees may, in particular instances upon recommendation of the Committee on Trusteeship and by majority vote, make exceptions to the foregoing age qualification for an elected Charter Trustee or an individual proposed for election as Charter Trustee, provided that (i) such exception may only be made to permit such Charter Trustee or prospective Trustee to serve the entirety of his or her five-year term, and (ii) at no time will there be more than five Trustees over age seventy-five.

2.4 ELECTION OF ALUMNI TRUSTEES. Alumni Trustees shall be elected by the alumni, such election to be conducted in accordance with rules and procedures adopted by the Alumni Council as the governing board of the Tufts University Alumni Association, Inc. and approved by the Board. Any vacancy in the office of Alumni Trustee shall be filled for the unexpired term by an election by the alumni conducted as aforesaid, provided, however, that if such vacancy occurs within one year prior to the expiration of the term, it need not be filled prior to such expiration.

2.5 TRUSTEES EMERITI.

2.5.1 Any Charter or Alumni Trustee may be elected by the Board as a Trustee Emeritus, subject to the following conditions: (a) not more than six years have elapsed since the expiration of his/her term or resignation; (b) he/she served as a Trustee for at least five years; and (c) he/she is nominated by the Executive Committee.

2.5.2 Each year the Executive Committee will consider those persons who meet the requirements of 2.5.1 (a) and (b). The Executive Committee will nominate those who, in its opinion, provided leadership and service to the University above and beyond that normally expected of a Trustee.

2.5.3 Trustees Emeriti shall be entitled to receive notice of each meeting of the Board and may attend and participate with the Trustees in the meetings of the Board and at public academic occasions, but shall not be members of the Board. They shall not be counted in determining the number of Trustees required to constitute a quorum or in determining the presence of a quorum and they shall not have the privilege of voting at Board meetings. They may serve, if duly elected, on sub-committees of the Board as voting members where status as a Trustee is not required by these Bylaws.

2.6 RESIGNATIONS. Any Charter Trustee, Alumni Trustee or Trustee Emeritus may resign from the Board of Trustees by notice in writing to the Secretary.

2.7 REMOVAL. The Board, by a two-thirds vote of all its members after giving the Trustee at least thirty days' notice and an opportunity to be heard, shall have the power to remove any Charter or Alumni Trustee who shall be, in the judgment of the Board, disqualified for cause or permanently incapacitated from performing duties as Trustee.
2.8 **DISQUALIFICATION OF STAFF.** An acceptance of the office of Trustee by any person other than the President of the University shall be deemed a resignation from any paid office or position held on the educational or administrative staff in any of the departments of the University. Acceptance by a Trustee, other than the President, of any office or position on the educational or administrative staff in any of the departments of the University shall be deemed to be a resignation as a Trustee. For the purposes of this Section 2.8, an unpaid member of the clinical faculty of any of the Tufts professional schools may retain such position while serving as a Trustee.

**Article III**

**THE OFFICERS OF THE CORPORATION**

3.1 **THE OFFICERS.** The Officers of the Corporation shall be the Chair of the Board of Trustees, up to three Vice Chairs, the President of the University, the Treasurer, the Secretary, the Provost, the Executive Vice President, and other officers, including without limitation those having titles that include the words "President," "Vice President," "Treasurer" or "Secretary," as the Board may from time to time elect or appoint, all of whom shall be elected at the annual meeting of the Trustees and shall hold office for one year or until their successors shall be duly elected and qualified and each of whom shall serve at the will of the Board of Trustees.

3.1.1 **VACANCIES.** Any vacancy in any such office may be filled by the Executive Committee upon the recommendation of the President, and the person so elected to fill the vacancy shall hold office until the next annual meeting or until his or her successor shall be duly elected and qualified.

3.1.2 **NEW POSITIONS.** In the intervals between meetings of the Board of Trustees, the Executive Committee may, upon the recommendation of the President, create and fill any position having a title that includes the words "Vice President", "Treasurer", or "Secretary". The person so elected shall hold office until the next annual meeting or until his or her successor shall be duly elected and qualified, and serve at the will of the Board of Trustees.

3.1.3 **SIGNATORY AUTHORITY.** The President shall have power to sign in the name and on behalf of the Corporation all duly authorized contracts, deeds and other instruments, including acceptances of gifts, bequests and devises to the University. Any such instrument may also be signed in the name and on behalf of the Corporation by the Chair of the Board or any other person designated for that purpose by the Board of Trustees or the Executive Committee.

3.2 **THE CHAIR.** The Chair of the Board of Trustees shall preside at the meetings of the Board. In the absence or disability of the Chair a Vice Chair shall perform the Chair's duties.

3.3 **THE PRESIDENT.**

3.3.1 The President of the University shall be both the leader of the educational policy and the chief executive officer of the University; the President shall exercise such leadership and supervision of its administrative officers, teachers, students, agents and employees as will promote the efficiency of each department and of the University as a whole, and the President shall exercise a general superintendence over all of its concerns.
3.3.2 The President shall act as the ordinary medium of communication between the Trustees and the faculties, student body and alumni organizations.

3.3.3 The President shall make an annual report to the Trustees on the general condition of the University.

3.3.4 The President shall be responsible for the management of current operating revenues and expenditures in connection with the educational, purchasing and plant activities of the Corporation, have charge of collection of income, insurance and taxes relating to institutional real estate and be responsible for the preparation of the annual budget and the establishment of an adequate system of budget control.

3.3.5 The President shall preside on public academic occasions; the President shall be President of the several Faculties.

3.3.6 Subject to such regulations, specific or general, as may be adopted from time to time by the Executive Committee, the President shall accept and give receipts for all gifts, devises and bequests to the Corporation, provided, however, that where a gift, devise or bequest is subject to a condition, the President may not bind the Corporation with respect to such condition without the approval of the Board of Trustees or the Executive Committee, unless such condition is (a) that principal shall be retained and only income or capital increment be expended, or (b) that such gift, devise or bequest be held by the University as trustee of a charitable remainder unitrust or annuity trust as defined in the Internal Revenue Code now in force or hereafter amended. Subject to such regulations as aforesaid, the President shall be responsible for all matters of probate and other legal matters in connection with gifts, devises, bequests, trust and annuity contracts and shall have the power to assent to accounts and other matters of probate in which the Corporation has an interest and to take any other action deemed by such President to be necessary to protect the interests of the Corporation in connection therewith.

3.3.7 Subject to the direction of the Executive Committee, the President may delegate any or all of the President's duties and powers to other officers or agents of the Corporation. The President shall perform such other duties and exercise such other powers as may be designated by the Trustees or the Executive Committee, and the President must live on the University premises unless excused by the Board of Trustees.

3.4 **THE PROVOST.** The Provost of the University shall be responsible to the President for the academic administration of the University, and shall have such other duties as the Board of Trustees or the Executive Committee may from time to time designate. Unless otherwise directed by the Board of Trustees or the Executive Committee, the Provost shall, in the absence of or incapacity of the President, or in the event of a vacancy in the office of President, serve as Acting President and exercise the powers and duties of the President.

3.5 **THE EXECUTIVE VICE PRESIDENT.** The Executive Vice President of the University shall be responsible to the President for the administration of University operations, and shall have such other duties as the Board of Trustees or the Executive Committee may from time to time designate.
3.6 **VICE PRESIDENTS.** Each of the Vice Presidents shall have such titles, powers and duties as the Board of Trustees, or the Executive Committee on the recommendation of the President, shall from time to time determine.

3.7 **THE TREASURER.**

3.7.1 Subject to the control and supervision of the Executive Vice President, the Treasurer shall be responsible for the custody of the funds of the Corporation, and shall have available such records with respect to the assets of said funds as shall permit prompt and efficient management thereof. The Treasurer shall have the responsibility for the investment of all available uninvested cash and all other non-investment assets of the Corporation and shall make available as required the funds called for in the budget. The Treasurer shall purchase, manage, sell or otherwise dispose of bonds, stocks, notes, real estate and other evidences of property comprising non-investment assets. The Treasurer shall have power to impress the corporate seal on all authorized documents requiring such seal.

3.7.2 The Treasurer shall have the authority, with approval of the Trustees and the Executive Vice President or of the Administration and Finance Committee and the Executive Vice President, to borrow for and on behalf of the Corporation and to sign in the name and on behalf of the Corporation agreements, notes and other instruments in connection therewith.

3.7.3 Persons whose titles include the word Treasurer shall discharge such duties as the Treasurer shall from time to time direct, and in the absence or incapacity of the Treasurer, any of them may discharge, by direction of the Executive Vice President, any or all duties of the Treasurer.

3.8 **THE SECRETARY.**

3.8.1 The Secretary shall be sworn to the faithful and impartial discharge of the duties of Secretary and shall record in books kept for the purpose all votes and proceedings of the Board of Trustees, the Executive Committee and the standing committees and Subcommittees. The Secretary shall give notice of meetings of the Board, the Executive Committee and the standing committees; the Secretary shall keep and file all documents belonging to the Corporation committed to his or her custody. The Secretary shall have custody of the corporate seal and with it shall impress documents requiring a seal and attest them when necessary and shall perform such other duties as shall from time to time be directed by the President, the Board of Trustees or the Executive Committee.

3.8.2 Assistant Secretaries shall perform such duties as the President, the Executive Committee or the Secretary shall direct and in the absence or disability of the Secretary one of the Assistant Secretaries may, by direction of the President or the Executive Committee, discharge any or all of the duties of the Secretary.
Article IV
MEETINGS OF THE BOARD OF TRUSTEES

4.1 REGULAR MEETINGS. The Board of Trustees shall hold an annual meeting for the election of officers and committees and the transaction of other business in October or November in each year, and two other regular meetings shall be held in each year, one in January or February and one in May or June, each on such day and at such time and place as may from time to time be determined by the Board or, if not so determined, by the President.

4.2 SPECIAL MEETINGS. Special meetings may be held at any time and at any place upon the call of the President, the Chair of the Board, the Executive Committee or upon the written application to the Secretary or to any of the foregoing by at least five Trustees.

4.3 NOTICE OF MEETINGS. A written notice of every meeting of the Board of Trustees shall be given by the Secretary or an Assistant Secretary, or in case of the death, absence, incapacity or refusal of the Secretary and Assistant Secretary by any other officer. The notice shall state the time, place and general purposes of the meeting, and shall be mailed to the address of each Trustee at least seven (7) days before the meeting. No notice of the time, place or purpose of any meeting shall be required if every Trustee who does not attend such meeting signs a written waiver of notice which is filed with the records of the meeting.

4.4 QUORUM. One-third of the Trustees then in office shall constitute a quorum at any meeting of the Board of Trustees, but a smaller number shall have power to adjourn from time to time.

4.5 SPECIAL ACTION. Any action required or permitted to be taken at any meeting of the Board of Trustees may be taken without a meeting if all the Trustees entitled to vote at such a meeting consent to the action in writing and the written consents are filed with the records of the meetings of the Board of Trustees. A fax or email received by the Secretary of the Corporation shall be deemed valid exercise of written consent. Such consents shall be treated for all purposes as a vote at a meeting.

4.6 MEETINGS BY CONFERENCE TELEPHONE. The Trustees or the members of any committee may participate in a meeting of the Trustees or such committee by means of a conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other at the same time, and participation by such means shall constitute presence in person at a meeting.
Article V

COMMITTEES AND BOARDS OF ADVISORS

5.1 EXECUTIVE COMMITTEE.

5.1.1 There shall be an Executive Committee of not less than six nor more than ten Trustees, including the Chair of the Board of Trustees, the Vice Chairs, the President of the University and such other Trustees as shall be appointed at each annual meeting of the Board of Trustees by the Chair of the Board of Trustees, subject to ratification by vote of the Board of Trustees. The members of the Executive Committee shall serve for one year or until their successors shall be duly appointed. The number of Trustees to be appointed to the Executive Committee shall be fixed by the Board of Trustees at any annual meeting and when so fixed, shall continue until changed at a subsequent annual meeting. A majority of the number of Trustees so fixed as constituting the Executive Committee shall constitute a quorum and the committee shall adopt such rules for the conduct of its business as it shall deem advisable.

5.1.2 In the intervals between meetings of the Board of Trustees, the Executive Committee shall have and exercise the authority of the Board in the management and execution of the affairs of the Corporation in all matters except those with respect to which authority is given in these Bylaws to the Administration and Finance Committee and except those which pursuant to law or Sections 2.2.1, 2.3, 2.7, 5.6.4, 11.1 and 13.1 of these Bylaws require the vote of the Board of Trustees.

5.1.3 The Executive Committee shall have general oversight of the human resources policies of the University. The Executive Committee shall vote on behalf of the University all shares of capital stock owned by the University in subsidiary corporations of the University for the election of such persons as Directors of these corporations as the Executive Committee shall determine after receiving and considering the recommendations of the President of the University with respect thereto.

5.2 STANDING COMMITTEES AND SUBCOMMITTEES. There shall be seven standing committees as follows:

   Administration and Finance Committee
   Committee for University Advancement
   Academic Affairs Committee
   Committee on Trusteeship
   Honorary Degree Committee
   Compensation Committee
   Audit Committee

The Administration and Finance Committee shall have two standing subcommittees:

   Investment Subcommittee
   Buildings and Grounds Subcommittee
5.2.1 Each standing committee and subcommittee shall be chaired by a Trustee, and shall consist of such number of Trustees, no fewer than three, including a Chair of such committee or subcommittee and excluding *ex officio* members, as shall be determined from time to time by the Board of Trustees. Trustees Emeriti and non-Trustees may be elected to any subcommittee as voting members by the Board of Trustees; provided, however, that (i) a majority of the members of each subcommittee shall be current Trustees and (ii) in no event shall a Trustee Emeritus or non-Trustee serve as a member of a subcommittee for more than ten years (excluding any period during which such person serves as a Trustee). The Chair and the members of each standing committee and subcommittee shall be elected at each annual meeting of the Board of Trustees and shall serve for one year or until their successors shall be duly elected and qualified. In addition to the Trustees so elected, the President of the University shall be a member *ex officio* of each standing committee, provided that the President shall not serve as a member of the Audit Committee. With the exception of the President, *ex officio* members of committees shall not have the right to vote and shall not be counted for a quorum.

5.2.2 A majority of the members of any standing committee or subcommittee shall constitute a quorum. Meetings of any standing committee or subcommittee shall be called by the Secretary whenever he or she is requested to do so by the chair or vice chair of the committee or subcommittee, the chair of the Executive Committee or the President of the University, by giving notice of the time and place of meeting to each member of the committee or subcommittee.

5.2.3 Each standing committee may appoint from among its own number a vice chair of such committee and may appoint from time to time one or more subcommittees with such powers within the scope of the powers of such standing committee as are designated in the votes appointing them.

5.2.4 Records of the proceedings of each standing committee and subcommittee shall be kept by the Secretary and such proceedings shall be reported to the Board of Trustees. Each standing committee and subcommittee may adopt rules, procedures or charter for the conduct of its business as it shall deem advisable, provided that no such rules, procedures or charter may conflict with these Bylaws.

5.3 **ADMINISTRATION AND FINANCE COMMITTEE**

5.3.1 The Administration and Finance Committee shall be responsible for considering and making recommendations to the Board of Trustees on matters pertaining to operating and capital budgets; tuitions, fees, and enrollments; and, upon the recommendation of the President, the appointment of the Executive Vice President. The Committee shall have the authority to approve the construction, renovation and maintenance of buildings and grounds; investment, reinvestment and management of all investment assets of the Corporation; and financing transactions.

5.3.2 **BUDGETS**, The Administration and Finance Committee shall be responsible for the review and oversight of University operating and capital budgets. The Committee shall annually review and consider the University operating and capital budgets submitted by the President or his designate, and make recommendations to the Board of Trustees.
5.3.3  **INVESTMENT AUTHORITY.** The Administration and Finance Committee, in accordance with such investment policies and regulations as may be established from time to time by the Board of Trustees and, subject to the general direction of the Board, shall oversee the operations of the Investment Subcommittee, review the Investment Subcommittee’s reports on investment results, and review (not less frequently than annually) the University’s investment and asset allocation policy. The Committee shall report any investment-related issues to the full Board of Trustees, shall periodically review the University’s investment and asset allocation policy with the full Board of Trustees and shall report the performance of the University endowment annually to the Board of Trustees. Purchases, sales, exchanges or other dispositions of bonds, stocks, and other property and investment assets and evidences of investment property and assets may be made or caused to be made by either the Administration and Finance Committee or the Investment Subcommittee.

5.3.3.1  **INVESTMENT SUBCOMMITTEE.** The Investment Subcommittee shall be responsible for the investment, reinvestment and management of all investment assets of the Corporation, and for the appointment of independent investment advisors or managers authorized to invest and reinvest funds of the Corporation. The Investment Subcommittee shall develop the University’s investment and asset allocation policy for approval by the Administration and Finance Committee and the Board of Trustees and shall periodically review all investment results and report such results from time to time to the Administration and Finance Committee. The Chief Investment Officer shall report to the Investment Subcommittee, and to the Executive Vice President for administrative purposes. With review by the Investment Subcommittee, the Chief Investment Officer shall select and appoint or terminate external investment managers and may take all steps necessary to effectuate such transactions, including signing contracts with investment managers and consultants on behalf of the University. The Chief Investment Officer shall also be responsible for managing the relationships with external investment managers and appointing and supervising internal investment staff.

5.3.4  **BUILDINGS AND GROUNDS.** The Administration and Finance Committee, in accordance with such policies and regulations as may be established from time to time by the Board of Trustees and subject to the general direction of the Board, shall oversee the operations of the Buildings and Grounds Subcommittee, consisting of two or more persons from among its members.

5.3.4.1  **BUILDINGS AND GROUNDS SUBCOMMITTEE.** The Buildings and Grounds Subcommittee shall be responsible for considering and advising the Administration and Finance Committee with respect to the planning, expansion or development of buildings and grounds and the maintenance of such existing facilities.

5.4  **COMMITTEE FOR UNIVERSITY ADVANCEMENT.** The Committee for University Advancement shall have the responsibility of considering and advising the Board of Trustees and the Executive Committee on current activities and future planning in the University’s fund raising, public relations, federal, state, city and community relations, publications, and alumni relations. It shall report its activities and recommendations to either the Board of Trustees or the Executive Committee. All capital fund raising plans shall be submitted to it for its consideration and advice.
5.5 **ACADEMIC AFFAIRS COMMITTEE.** The Academic Affairs Committee shall be responsible for considering and making recommendations to the Board of Trustees and the Executive Committee on appointments of Deans of the Schools specified in Section 8.1 and, upon recommendation of the President, the Provost. The Committee shall have authority to approve, on behalf of the Board of Trustees, new degree programs offered by individual Schools, jointly by two or more Schools within the University, and degree programs offered jointly with other institutions. The Committee shall also make academic appointments as provided in Section 9.2 hereof.

5.6 **COMMITTEE ON TRUSTEESHIP.**

5.6.1 There shall be a Committee on Trusteeship consisting of no fewer than five Trustees, including the Chair of the Board of Trustees. Any Trustee, except the Chair of the Board and the President, who has served on this Committee for three consecutive years, shall not be eligible for reelection to it for one year following the completion of said three consecutive years.

5.6.2 The Committee on Trusteeship shall nominate highly qualified and committed individuals to fill vacancies among the Charter Trustees and shall invite recommendations from the entire University community. The Committee's nominations will be made in a confidential report to the Board of Trustees submitted at least three weeks prior to the date of the meeting at which such Trustees are to be elected. The identity of such nominees shall not be disclosed until and unless authorized by the Board of Trustees.

5.6.3 The Committee on Trusteeship shall have the responsibility for ensuring that a program for the orientation of new Trustees is maintained and implemented. It shall periodically recommend to the Executive Committee initiatives by which the performance of the Board of Trustees shall be enhanced and assessed.

5.6.4 The Committee on Trusteeship shall consider and present to the Board of Trustees nominations for the officers, a chair and other members of the Executive Committee, a chair and other members of each standing committee and subcommittee, to be elected at the annual meeting of the Trustees. All nominations for the officers other than the Chair of the Board of Trustees, any Vice Chairs of the Board, and President shall be made by the Committee on Trusteeship after receiving and considering the recommendations of the President of the University with respect thereto.

5.6.5 The Chair of the Board of Trustees shall present to the Board of Trustees nominations of members of the Committee on Trusteeship.

5.7 **HONORARY DEGREE COMMITTEE.** The Honorary Degree Committee shall consider and present to the Board of Trustees recommendations of persons deemed worthy of being awarded an Honorary Degree from Tufts University. The Committee will invite nominations from the general Tufts community.
5.8 COMPENSATION COMMITTEE

5.8.1 The Chair of the Board shall serve on the Compensation Committee.

5.8.2 The Compensation Committee shall have the responsibility to ensure, under the direction of the President, the ongoing development and review of a system of job descriptions, job classifications, salary ranges, and performance reviews. The Compensation Committee shall have the responsibility for considering and advising the Board of Trustees on the University’s systems and procedures for executive development. In the case of the President, he/she and the Chair of the Board will jointly agree upon his/her goals and objectives, and the Chair will annually review the results with the President, then with the Compensation Committee, and finally with the Board of Trustees.

5.8.3 The Compensation Committee will periodically review the salary of the President and recommend changes to the Board of Trustees. The President will not participate as a member of the Compensation Committee with respect to discussions or votes relating to the President’s compensation. The Compensation Committee will also periodically review the salary of employees who hold positions of significant management responsibility and consider changes proposed by the President.

5.9 AUDIT COMMITTEE. The Audit Committee shall be responsible for assisting the Board of Trustees in monitoring the integrity of the financial statements of the University, compliance by the University with legal and regulatory requirements, and the independence and performance of the University’s internal and external auditors. The Audit Committee shall have authority to appoint the external auditors and retain special legal, accounting or other consultants to advise the Committee, oversee the Corporation’s internal audit procedures, accept and approve the annual audited financial statements of the University, approve the appointment of and oversee the duties of the director of the internal audit and compliance functions, and oversee appropriate matters in connection with independent audits. The Audit Committee shall be responsible for the formulation of policies and procedures for the avoidance of Trustee conflicts of interest, and shall monitor potential conflicts of interest and periodically provide a report to the Board of Trustees, pursuant to Article XII. The Committee shall make regular reports to the Board on matters requiring its attention.

5.10 SPECIAL COMMITTEES. Special Committees may be appointed by the Board of Trustees or the Executive Committee, to serve for specific purposes and with powers and subject to such rules and procedures as designated in the votes appointing them (provided that no such rules or procedures may conflict with these Bylaws). Membership on such special committees shall not necessarily be limited to the Board of Trustees.

5.11 RESIGNATIONS; VACANCIES. Any Trustee may resign from a committee by notice in writing to the Secretary. Any vacancy at any time existing in the offices of chair or member of a committee or subcommittee elected by the Board of Trustees may be filled by the Executive Committee and the person so elected to fill the vacancy shall hold office until the next annual meeting of the Board of Trustees or until such person's successor shall be duly elected and qualified.
5.12 **MEETING REPRESENTATIVES.** Pursuant to vote of the Board of Trustees, non-voting representatives from the faculty, staff, student body and alumni may be invited to attend and participate in meetings of the Executive Committee and of the standing committees and subcommittees under procedures and regulations adopted from time to time by the Board of Trustees.

5.13 **SPECIAL ACTION.** Any action required or permitted to be taken at any meeting of a committee or subcommittee may be taken without a meeting if all the members of the committee or subcommittee entitled to vote at such a meeting consent to the action in writing and the written consents are filed with the records of the meetings of the committee or subcommittee. Such consents shall be treated for all purposes as a vote at a meeting.

5.14 **BOARDS OF ADVISORS.** Boards of Advisors may be appointed for the various schools, departments and programs of the University. Members of any such Boards of Advisors shall be appointed by the Board of Trustees or the Executive Committee, except that a majority of the members of the Board of Advisors to the Cummings School of Veterinary Medicine shall be appointed by Cummings Foundation, Inc. (and such appointees shall not be employees of Tufts University). The Trustee Executive Committee shall accept the minutes of Boards of Advisors meetings. It shall be the duty of each such Board of Advisors to advise, assist and act as an ambassador for the school, department or program to which its appointment relates. Membership on such Boards of Advisors shall not necessarily be limited to members of the Board of Trustees.

**Article VI**

**THE UNIVERSITY**

6.1 The University shall include the following: School of Arts and Sciences, School of Engineering, School of Medicine, School of Dental Medicine, the Fletcher School of Law and Diplomacy, College of Special Studies, Tisch College of Citizenship and Public Service, Cummings School of Veterinary Medicine, Sackler School of Graduate Biomedical Sciences, and The Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy. The School of Arts and Sciences shall consist of the College of Liberal Arts, Jackson College for Women, and the Graduate School of Arts and Sciences. The University shall include such other bodies as the Trustees may from time to time create, establish or rearrange.

**Article VII**

**THE FACULTIES**

7.1 **MEMBERSHIP.** Each college and school shall be under the immediate charge of its respective Faculty. Each such Faculty shall consist of such persons as shall be designated in the Bylaws of the Faculty of such college or school. There shall also be a Faculty of Arts, Sciences, and Engineering, composed of the Faculties of the School of Arts and Sciences and the School of Engineering; all members of said Faculties shall be voting members of the Faculty of Arts, Sciences, and Engineering. The President of the University shall be the head of each Faculty.
7.2 **SECRETARIES OF FACULTIES.** The various Faculties shall annually elect their own Secretaries, except that the Secretary of the Faculty of Arts, Sciences, and Engineering shall be the *ex officio* Secretary of several Faculties comprised in the Faculty of Arts, Sciences, and Engineering.

7.3 **RESPONSIBILITY.** The respective faculties shall, subject to the limitations set forth in the Charter, have the oversight and control of the student body. The Faculties of Arts, Sciences, and Engineering, the College of Special Studies, the Tisch College of Citizenship and Public Service, the School of Medicine, the School of Dental Medicine, the Fletcher School of Law and Diplomacy, the Cummings School of Veterinary Medicine, the Sackler School of Graduate Biomedical Sciences, the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy and other colleges and schools heretofore or hereafter established, may accept or reject the application for admission of any student, may impose fines, inflict at their discretion the penalties of admonition, suspension and dismissal, and may use all other appropriate means of discipline. These powers may be exercised in the name and behalf of any of said Faculties by appropriate committees duly appointed and authorized by them, provided, however, that Faculty members always constitute a majority of any such committee.

7.4 **BYLAWS.** The provision of the bylaws of the respective Faculties concerning their membership, powers, duties and voting rights and the participation of students on their committees shall be subject to the approval of the Board of Trustees.

**Article VIII**

**THE DEANS**

8.1 The Board of Trustees shall, upon recommendation from the President, appoint a Dean of the School of Arts and Sciences, a Dean of the College of Liberal Arts and Jackson College, a Dean of the School of Engineering, a Dean of the Graduate School of Arts and Sciences, a Dean of the School of Medicine, a Dean of the School of Dental Medicine, a Dean of the Fletcher School of Law and Diplomacy, a Dean of the College of Special Studies, a Dean of the Tisch College of Citizenship and Public Service, a Dean of the Cummings School of Veterinary Medicine, a Dean of the Sackler School of Graduate Biomedical Sciences and a Dean of the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy.

8.2 The Dean of the School of Arts and Sciences shall be responsible to the Provost for the oversight of the School of Arts and Sciences, Jackson College and the College of Special Studies. The Dean of the School of Engineering, the Dean of the School of Medicine, the Dean of the School of Dental Medicine, the Dean of the Cummings School of Veterinary Medicine, the Dean of the Sackler School of Graduate Biomedical Sciences, the Dean of the Tisch College of Citizenship and Public Service, and the Dean of the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy shall be responsible to the Provost for the oversight of the school of which he or she is Dean. Each such Dean shall make recommendations to the Provost for appointments to the Faculty of each school or college of which he or she is responsible, prepare the business for the meetings of each such Faculty, execute its orders and regulations, preside at its meetings in the absence of the President and the Provost, make an annual report to the President, and shall have such other duties, responsibilities and authority as may be delegated
to such Dean from time to time by the President. The Deans of the School of Arts and Sciences and the School of Engineering shall also prepare the business for the meetings of the Faculty of Arts, Sciences, and Engineering, execute its orders and regulations, and preside at its meetings in the absence of the President and the Provost.

Article IX
APPPOINTMENTS

9.1 APPOINTMENTS BY BOARD OF TRUSTEES. The Board of Trustees shall appoint the Deans specified in Section 8.1 of these Bylaws.

9.2 APPOINTMENTS BY THE ACADEMIC AFFAIRS COMMITTEE. The Academic Affairs Committee shall consider and make recommendations to the Board of Trustees and the Executive Committee regarding appointments of the Deans specified in Section 8.1 of these Bylaws, and, upon the recommendation of the President, appointment of the Provost. The Academic Affairs Committee shall have the authority to make all appointments involving tenure, full time appointments at the rank of Professor, and appointments of University Professors, the University Chaplain, and the University Archivist. The Committee shall have authority regarding the establishment of endowed professorships and the appointment of individuals as holders of such professorships.

9.3 OTHER APPOINTMENTS. All academic appointments without tenure of the rank of Associate Professor and below shall be made by the President of the University or such other persons as the President may designate. The President of the University shall also make all appointments of Associate and Assistant Provosts, Deans other than those specified in Section 8.1 of these Bylaws, Associate and Assistant Deans, full-time research faculty, emeritus professors, and department chairs and report such appointments to the Academic Affairs Committee.

Article X
ACADEMIC DEGREES

10.1 REQUIREMENTS. All degrees shall be conferred by vote of the Board of Trustees. The ordinary degrees shall be conferred after recommendation of the appropriate Faculties, namely, of Arts, Sciences, and Engineering, of the College of Special Studies, of the School of Medicine, of the School of Dental Medicine, of the Fletcher School of Law and Diplomacy, of the Cummings School of Veterinary Medicine, of the Sackler Graduate School of Biomedical Sciences, of the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy and of all other colleges and schools heretofore or hereafter established. No candidate of these degrees shall be recommended except after thorough examination, and academic residence at the University of at least one year. The requirement of residence may be waived for candidates for all degrees by vote of the appropriate Faculty and approved by the President of the University. All degrees conferred by the University shall be announced at Commencement.

10.2 HONORARY DEGREES. Honorary degrees may be conferred by a majority vote of the Board of Trustees upon such persons as may be recommended by the Honorary Degree
Committee, or by unanimous vote of the Board of Trustees upon persons nominated by any Trustee.

**Article XI**

**INDEMNIFICATION**

**11.1  TRUSTEES AND OFFICERS.** (a) The Corporation shall indemnify to the maximum extent legally permissible, but not to the extent that the status of the Corporation as an organization exempt under Section 501 (c) (3) of the Internal Revenue Code will be affected thereby, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative and whether external or internal to the Corporation, by reason of the fact that he or she is or was a Trustee or Officer of the Corporation or is or was serving at the request of the Corporation as a trustee, director, officer, employee or other agent for another organization or in a capacity with respect to any employee benefit plan, against expenses (including reasonable attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with such suit, action or proceeding except with respect to any matter as to which he or she shall have been adjudicated in any proceeding not to have acted in good faith in the reasonable belief that his or her action was in the best interests of the Corporation or, to the extent that such matter relates to service with respect to an employee benefit plan, in the best interests of the participants or beneficiaries of such employee benefit plan. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in the reasonable belief that his or her action was in the best interests of the Corporation or, to the extent that such matter relates to service with respect to an employee benefit plan, in the best interests of the participants or beneficiaries of such employee benefit plan.

(b) As to any matter disposed of by a compromise payment by such person, pursuant to a consent decree or otherwise, no indemnification under this Section 11.1 (unless required by law or ordered by a court) shall be made by the Corporation unless authorized in the specific case (i) by the Board of Trustees by a majority vote of a quorum consisting of Trustees who were not parties to such action, suit or proceeding, or (ii) if such a quorum is not obtainable, then by a majority vote of a committee of the Trustees consisting of all of the disinterested Trustees or (iii) if there are not two or more disinterested Trustees in office, then by a majority of the Trustees then in office provided they have obtained a written finding by special independent legal counsel appointed by a majority of the Trustees to the effect that, based upon a reasonable investigation of the facts as described in such opinion, the person to be indemnified appears to have acted in good faith in the reasonable belief that his or her action was in the best interests of the Corporation or, to the extent that such matter relates to service with respect to an employee benefit plan, in the best interests of the participants or beneficiaries of such employee benefit plan.

(c) Notwithstanding anything in this Section 11.1 to the contrary, no indemnification shall be provided for any person with respect to any matter as to which he or she shall have been adjudicated in any proceeding not to have acted in good faith in the reasonable belief that his or her action was in the best interests of the Corporation or, to the extent that such matter relates to
service with respect to an employee benefit plan, in the best interests of the participants or beneficiaries of such employee benefit plan.

(d) Expenses incurred by a Trustee or Officer in defending a civil or criminal action, suit or proceeding shall be paid by the Corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the Trustee or Officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by the Corporation as authorized in this Section 11.1. Such undertaking shall be accepted by the Corporation without reference to the financial ability of the person giving the undertaking to make repayment. Any advance under this subsection (d) shall be made promptly, and in any event within ninety (90) days, upon the written request of the person seeking the advance.

(e) The indemnification and advancement of expenses provided by, or granted to, the other subsections of this Section 11.1 shall not be deemed exclusive of or affect any other rights to which any person may be entitled by contract or otherwise under law. Each person who is or becomes a Trustee or Officer shall be deemed to have served or have continued to serve in such capacity and in such other capacity at the request of the Corporation as described in subsection (a) in reliance upon the indemnity provided for in this Section 11.1. All rights to indemnification under this Section 11.1 shall be deemed to be provided by a contract between the Corporation and the person who serves as Trustee or Officer of the Corporation. Any repeal or modification of this Section 11.1 shall not affect any rights or obligations then existing.

(f) To the extent that a Trustee or Officer of the Corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsection (a), or in defense of any claim, issue or matter therein, he or she shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection therewith.

(g) The indemnification and advancement of expenses provided by, or granted pursuant to, this Section 11.1 shall continue as to a person who has ceased to be a Trustee or Officer and shall inure to the benefit of the heirs, executors and administrators of such a person.

(h) If any term or provision of this Section 11.1 or the application thereof to any person, property or circumstance shall to any extent be invalid or unenforceable, the remainder of this Section 11.1 or the application of such term or provision to the persons, property or circumstances other than those as to which it is invalid or unenforceable shall not be affected thereby, and each term and provision of this Section 11.1 shall be valid and enforced to the fullest extent permitted by law.

11.2 FACULTY MEMBERS AND OTHER EMPLOYEES. Individuals who are members of the Faculties of the several colleges and schools and other employees and agents of the Corporation who are not Trustees or Officers shall be indemnified by the Corporation to the extent from time to time authorized by the Board of Trustees.
Article XII
CONFLICTS OF INTEREST

12.1 In keeping with the University's high ethical standards, Trustees shall exercise care that no detriment to the University results from conflicts between their interests and those of the University. Trustees shall be sensitive to potential conflicts of interest or the appearance of conflicts of interest even if no actual conflicts exist.

12.2 But for the exceptions described below, the University will not enter into any transaction in which a Trustee, or persons or entities closely associated (as hereinafter defined) to that Trustee, have a material financial interest, direct or indirect, or with respect to which a Trustee's independence of judgment might be impaired. Exceptions to this principle are transactions:

(a) approved by a majority of the Audit Committee. If a majority of the Audit Committee is disqualified from acting or if a majority of the Audit Committee elects to refer the matter to the Executive Committee, then approval by a majority of the Executive Committee shall be required; or
(b) involving competitive bids or standard rates and terms offered to businesses generally.

As used in this Article XII, the term "closely associated" means:

(i) A spouse, parent, sibling, child, person living in the household or business associate of the Trustee;

(ii) Any entity which is directly or indirectly owned or controlled individually or collectively by the Trustee and/or by one or more of the persons described in (i) above. For this purpose, "owned" means holding more than 35 percent of voting membership rights or voting stock in the entity; "controlled" means comprising over 35 percent of the directors, trustees or other members of the governing body of the entity.

(iii) A law firm, accounting firm or other partnership of which the Trustee or any person described in (i) above is a partner.

12.3 Trustees who believe a potential transaction with the University may involve a conflict must report that transaction and all material facts in writing to the Audit Committee in sufficient time for the Audit Committee to approve or disapprove.

12.4 When a conflict is under consideration pursuant to paragraph 12.2 (a) above, no interested Trustee may be present for the discussion or vote; however, an interested Trustee may be counted in determining the presence of a quorum at a meeting of the Audit Committee or the Board of Trustees. Approval shall be based on a finding that the transaction is fair to the University, that it appears that the University cannot obtain a more advantageous arrangement with reasonable effort, and that the transaction will not constitute an excess benefit under Section 4958 of the Internal Revenue Code.
12.5 Annually, each Trustee will sign a statement provided by the University that he/she has read and understands this policy and agrees to comply with it, and discloses information relating to potential conflicts of interest. The Audit Committee shall review all such statements with a view to minimizing the potential for any detrimental effects from conflicts and excess benefits under Section 4958 of the Internal Revenue Code.

12.6 A report of all conflicts voted on during the preceding year or reported by Trustees shall be forwarded to the Board of Trustees by the Audit Committee with a statement of applicable exceptions for each conflict or of a finding of no conflict.

12.7 Each of the provisions of this Article XII shall apply equally to any Trustee Emeritus or non-Trustee who is a member of any committee or subcommittee of the Board of Trustees.

Article XIII
AMENDMENTS OF BYLAWS

13.1 These Bylaws may be amended by a vote of two-thirds of the Trustees present at any meeting of the Board of Trustees, provided that notice of the substance of the intended amendment is given no fewer than thirty (30) days prior to the meeting.
CHAPTER 2 - APPOINTMENTS, TENURE, AND PROMOTIONS

Regulations on Tenure and Promotion of The Fletcher School of Law and Diplomacy Tufts University

I. Peer Review

(1) A Tenure and Promotion Committee shall be established to evaluate all full-time faculty members for contract renewal, promotion, or tenure and in each case to make a formal recommendation.

(2) On each type of decision, the Committee is required to consult with relevant faculty members before arriving at its recommendation. Relevant faculty members are defined to include persons teaching in the areas adjacent to the expertise of the individual concerned as well as any others with whom the individual may have worked closely. The Committee is also required to consult with appropriate representatives of the student body and alumni.

(3) In each case the Committee’s recommendation, together with a report, will be forwarded to the faculty group appropriate to each type of decision:

(a) For tenure decisions, the tenured members of the faculty.

(b) For promotion decisions, members of the faculty at the level of the individual’s proposed new rank and above.

(c) For contract renewals, members of the faculty at the level of the individual’s present rank and above.

(4) The Tenure and Promotion Committee will be composed of members drawn from all of the Divisions of the School, plus the Dean on a non-voting basis. Although non-tenured as well as tenured faculty are eligible to serve as members of the Committee, only tenured faculty are eligible to serve as chair. There will be no student members. In order to promote objectivity, appointments to the Committee will be made annually by the Dean, taking into due consideration both the general desirability of maintaining continuity of Committee membership and specific faculty decisions coming up in the next academic year.

II. Criteria

(1) In general, three broad criteria will be applied in evaluating candidates for tenure, promotion, or contract renewal: scholarship, teaching, and service. While effective performance with respect to all three criteria is required, distinction in at least some areas of performance is regarded as essential.

(2) Scholarship is interpreted inter alia to encompass:

(a) Originality of thought.

(b) Significant contribution(s) to the individual’s field of specialty.
(c) A sustained commitment to intellectual activity.

(3) Teaching is interpreted inter alia to encompass:

(a) Classroom performance.
(b) Initiative in course development (including development of both existing and new courses).
(c) Availability outside classroom for discussion of or consultation on coursework.
(d) Supervision of research and theses (MA, MALD, PhD).

(4) Service encompasses activity both within the School and in the wider community. Within the School, service encompasses such activities as committee work, administration, program development and management, fund raising, advising and career counseling, and support of student activities. In the wider community, both in the United States and abroad, service encompasses activities in the individual’s profession or academic discipline, the private sector (profit or non-profit), and the public sector (national or multilateral).

III. Outside evaluations

(1) A minimum of six outside evaluators must be selected by the Committee after consultation with the candidate. In the process of consultation, the candidate will be given an opportunity to comment on the suitability of possible evaluators.

(2) Outside evaluators should include prominent individuals in the candidate’s area of expertise or related areas. The list of evaluators may include individuals with whom the candidate has worked closely and should also include others who are not personally acquainted with the candidate.

(3) Outside evaluators will be asked to evaluate the candidate, to the extent they can, in terms of the three criteria to be applied by the Committee itself - scholarship, teaching, and service - comparing the candidate with others at a comparable stage of professional development in the same general field or discipline. Evaluators should also be invited to add any other information that they might regard as relevant.

IV. Further action on Committee recommendations

(1) Once the Committee’s recommendation is forwarded, the designated faculty group is required either to concur with the recommendation by a two-thirds majority or to make its own recommendation. The recommendations of both the Committee and the faculty group, together with the Committee report, will then be forwarded to the Dean. The Dean will make the final decision within the School, taking into account all relevant information.

(2) At each stage of the process, the candidate will be informed of the decision taken and will have an opportunity to provide additional information as seems appropriate.

(3) In the event of a negative recommendation by the designated faculty group, the candidate will have the right to restate his/her case directly to the Dean before the Dean’s final decision.

(4) In the event of a negative decision by the Dean overriding a positive recommendation by the designated faculty group, the candidate will have the right to appeal to the Tenure and
Promotion Committee for reconsideration of his/her case. The Committee may, if circumstances appear to warrant, request that the Dean reconsider his/her decision before it is forwarded formally to the appropriate University authorities.

(5) In the event of a positive decision by the Dean overriding a negative recommendation by the designated faculty group, the Dean will be obligated to meet with the Tenure and Promotion Committee and designated faculty group to justify his/her decision. The Committee and faculty group may, if circumstances appear to warrant, request that the Dean reconsider his/her decision before it is forwarded formally to the appropriate University authorities.

V. Tenure decisions

(1) Except as specified in para. (8) below, no individual may serve in a full-time capacity on The Fletcher School faculty without tenure for more than ten years.

(2) Although appointments without tenure may be made at any rank, tenure may be awarded only at the rank of Associate or Full Professor.

(3) Under normal circumstances an individual in a tenure-track position will receive an initial appointment for five years, with the possibility of renewal for a second five-year period. Review of the initial contract for renewal is mandatory in the fourth year of service. In the event that the initial contract is renewed, tenure review is mandatory in the ninth year of service, unless an early tenure review has already occurred. Mandated reviews must be completed by April 1 of the academic year in which they are scheduled.

(4) Early tenure review may be proposed by the Dean at any time. Early tenure review may be requested by an individual any time after the third year of his/her service. Before the sixth year, early review may be granted at the Dean’s discretion. In or after the sixth year, early review is obligatory if requested by the faculty member. Once begun, an early tenure review must be completed within eight months.

(5) In the event of a positive decision, tenure will begin with the start of the next academic year.

(6) In the event of a negative decision, the candidate has the right to continue service in the School for the full remaining term of his/her contract. There shall be no second tenure review.

(7) The timetable for tenure review, including early review, may be accelerated by "credit" obtained for teaching or other professional experience elsewhere. For new members of the faculty, such "credit" must be negotiated with the Dean at the time of initial appointment and must be approved by the Tenure and Promotion Committee. For individuals already serving on the faculty when these procedures first become effective, such "credit" may be negotiated with the Dean at any time, also subject to the approval of the Tenure and Promotion Committee.

(8) The timetable for tenure review will not be affected or delayed by sabbatic leave(s) of absence. In case of any other leave(s) of absence, a delay may be negotiated with the Dean at the time leave is granted. Any delay must be approved by the Tenure and Promotion Committee.
(9) At the discretion of the Dean, appointments to the faculty may be offered with immediate tenure. In such cases, the granting of tenure is subject to the School’s full procedure for tenure review. In the event of a negative decision on immediate tenure, appointment without tenure is possible. In such cases, the candidate is subject to the standard timetable for tenure review outlined above.

VI. Promotion decisions

(1) Promotion from the rank of Assistant or Associate Professor may be proposed by the Dean at any time. Once begun, the process of review for possible promotion must be completed within eight months.

(2) For an Assistant or Associate Professor without tenure, review for possible promotion may be requested by the individual at the time of review of his/her contract for renewal. Such a request may be granted at the Dean’s discretion. In the event of a contract renewal without promotion, review for possible promotion is obligatory if requested by the individual in or after his/her sixth year of service.

(3) For an Associate Professor with tenure, review for possible promotion may be requested by the individual at any time. In the first five years of service after tenure is initially awarded, such a request may be granted at the Dean’s discretion. After five years of service with tenure, review for possible promotion is obligatory if requested by the individual. In the event of a negative decision in such a case, subsequent reviews for possible promotion are obligatory at intervals of five years or may be initiated at the Dean’s discretion.

(4) As in the case of tenure decisions, the timetable for promotion may be accelerated by "credit" obtained for teaching or other professional experience elsewhere. For new members of the faculty, such "credit" must be negotiated with the Dean at the time of initial appointment and must be approved by the Tenure and Promotion Committee. For individuals already serving on the faculty when these procedures first become effective, such "credit" may be negotiated with the Dean at any time, also subject to the approval of the Tenure and Promotion Committee.

Adopted at a Special Meeting of the Executive Committee of the Faculty on May 9, 1989.
Affiliated Faculty Appointments at The Fletcher School

The “affiliated faculty appointments at the Fletcher School” policy enters into force on the date of adoption by the faculty, i.e. March 31, 2010.

Members of the affiliated faculty who currently have contracts with the School will continue to carry their titles until the end of their current contract. Any change in title or contractual terms, if required, will occur at the time of contract renewal.

If there are members of the affiliated faculty whose terms are indeterminate, then review and, if necessary, adjustment, of their titles should occur within one year of adoption of the policy.

I. General remarks on “affiliated faculty”

For the purpose of this document, the term “affiliated faculty” refers to all non-tenure-track faculty at the School.

While the School remains firmly committed to the policy of filling long-term positions with tenure-track/tenured faculty, the breadth of the School’s course offerings and the diversity of its educational programs frequently require the hiring of affiliated faculty. The need for affiliated faculty is no longer limited to temporary exceptional circumstances (filling in for a faculty member on sabbatical, for example), or for narrow niche courses (having a highly specialized course taught by an outside expert, for example). Increasingly, the School faces circumstances where it is necessary to hire faculty who are expected to make important contributions to the Fletcher School on a medium-term affiliated basis. Examples of this include situations where the nature of the underlying funding stream is too uncertain to make tenure track/tenured appointments financially feasible; where highly competent scholars pursue non-traditional academic career paths; or where important professional and pedagogical competencies are possessed by people without traditional professorial profiles. In all these cases, upon careful consideration, the School may wish to hire affiliated faculty not as a second-best but as a first-best option, and possibly on a basis that is more long-term, more collegial, and more advantageous than the traditional model of temporary adjuncts or visiting faculty (although both of these types of positions are likely to continue to exist as well).

As the School is called to broaden its range of appointments, it seeks to maintain a balance between its continued commitment to hiring as many faculty as possible on a tenure track/tenured basis and providing the best possible working conditions for affiliated faculty.

The Fletcher School is committed to supportive working conditions for all faculty, whatever their contractual basis, and regardless of whether they are full-time or part-time, tenure-track or affiliated. This will be achieved by, among others things, making affiliated appointments for multi-year periods wherever possible (i.e. when predictable income flows exist; after an initial test period and subject to the individual’s performance; and after a determination has been made that there is continued need for the individual’s services); by providing affiliated faculty with a faculty allowance to allow them to remain professionally active; by including certain categories of affiliated faculty in the Full Faculty; by inviting, wherever possible and desirable, affiliated faculty in the institutions of governance of the School; and by providing affiliated faculty with benefits when warranted.

Affiliated faculty, if they meet the criteria of the job description, are eligible to apply for openings on the tenure track. If selected for such positions, they "switch" (i.e., receive a new
appointment) to the tenure track. None of the time served at the School on an affiliated appointment will count toward the tenure probationary period, but the individual may request early tenure pursuant to tenure regulations.

II. Categories of Affiliated Faculty

Affiliated faculty includes the following categories:

1. **Adjunct Professors.** Adjunct appointments are for people from outside the University who may or may not hold academic appointments elsewhere. Adjunct appointments can be made at the assistant, associate or full professor rank for instructors hired to teach for a specified term. Adjunct professors may hold full-time administrative positions at Tufts (but not concurrent faculty positions at Tufts).

   Adjunct professors are not required to make the type of scholarly contribution expected of tenured or tenure-track faculty.

   Adjunct appointments can be part-time or full-time. Most appointments are part-time. Initial part-time appointments shall normally be for one semester or one year, and may be renewed for fixed terms of no more than three years, so long as the needs of the School and the quality of the individual’s performance warrant such appointment.

   Individuals hired for a full-time adjunct appointment should have academic or professional experience that is sufficiently distinguished to warrant such an appointment. While excellence in teaching is the primary criterion for renewal and promotion, full-time adjunct professors are also expected to be active in research. Appointments of full-time adjunct professors may be made for up to 5 years and are renewable, although there is no presumption in favor of renewal.

2. **Visiting Professors.** Visiting appointments at the assistant, associate, or full professor rank are appropriate for instructors who are on leave from a full-time academic position to serve at the Fletcher School for a specified period of time. The rank of the individual serving in the visiting capacity should be commensurate with his/her title at the institution from which he/she is on leave. It is expected that the individual will be in residence at the Fletcher School during the period of the appointment. Visiting appointments may be made for terms not to exceed two years.

3. **Lecturers.** Appointments at the lecturer and senior lecturer rank are appropriate for instructors whose primary qualification for hiring is their involvement or experience in practice, whether in government, international organizations, non-governmental organizations, or private sector enterprises and who are hired to teach on a part-time or full-time basis. Lecturer appointments will be made at junior levels, with the title “Lecturer,” or at senior levels, with the title “Senior Lecturer.” Persons who have not earned the PhD, JD, or comparable terminal degree and who do not qualify for the professor of practice category can only be appointed as lecturers.

   Lecturers may be appointed on a full-time or part-time basis. Initial appointments shall normally be for one semester or one year, and may be renewed for fixed terms of no more than three years, so long as the needs of the School and the quality of performance warrant such appointment. There is no presumption in favor of renewal.

4. **Professors of Practice.** Professors of Practice are senior practitioners who have a distinguished record of public or private service. Professors of practice should be able to bring to
the students, on a continuing basis, the benefits of such experience. Professors of practice are not required to make the type of scholarly contribution expected of tenured or tenure-track faculty. Professors of Practice will be appointed for one semester or one year; such appointments are renewable for terms of up to three years, so long as the individual’s performance and the needs of the School warrant renewal. There is no presumption in favor of renewal.

5. **Research Professors.** Term appointments at the assistant, associate or full professor rank may be made for faculty hired to do research within the School. The assistant, associate and full professor designations are intended to reflect the same levels of achievement as those designations for tenured and tenure-track faculty, but the prime standard for evaluation will be excellence in research. Research professors will be appointed pursuant to the Tufts University Board of Trustees Policy on Research Faculty Appointments.

Research faculty members are expected to dedicate their full professional commitment to research and affiliated educational activities. Research faculty members may lecture in areas of their specialty, supervise students at various levels in related research projects, and participate in seminars, conferences, and similar activities.

Research faculty appointments require external support. The appointment terminates at any time the full external support terminates or is reduced to a level that is insufficient to provide full compensation and affiliated indirect costs.

6. **Post-Doctoral Fellows.** Postdoctoral Fellows are persons who have earned a terminal degree and who work under the supervision of a faculty advisor pursuant to a grant or fellowship from an institution external to Tufts. Postdoctoral Fellow employment at Tufts is considered temporary and is dependent on continued availability of appropriate funds from the awarding body and satisfactory performance by the Fellow. The Fellow works under the direct supervision of a faculty advisor and is expected to produce work of publishable quality. Post-doctoral fellows will be appointed pursuant to the Tufts University’s Postdoctoral Handbook.

### III. Procedures for Appointment

All appointments of affiliated faculty shall be made by the Dean. All appointments must comply with University and School rules and procedures, including The Fletcher School of Law And Diplomacy Executive Faculty Statement on Affirmative Action, provided that all affiliated faculty appointments shall comply with the procedures provided for adjunct appointments in that Statement.

The Dean shall solicit advice from the Curriculum Committee before appointments of the Adjunct, Visiting, and Lecturer type. The Curriculum Committee bases its discussion on an analysis of, among other things, the importance of the proposed course(s) to the curriculum; the adequacy of the background of the proposed faculty member including, where possible, the candidate’s prior teaching experience; and the quality of the proposed syllabus.

The Dean shall solicit advice from the Tenure and Promotion Committee before appointments of Research Professors and Professors of Practice.

Appointments to postdoctoral fellow positions are subject to the requirements of research and training grants and must be approved by the Academic Dean.
IV. Procedures for Renewal

The terms and conditions of each affiliated faculty member’s appointment are included in a written contract. Term appointments of affiliated faculty are subject to renewal as set forth in the individual’s contract. The renewal decision is made by the Dean, up to the maximum duration allowed by the position category. The Dean has full discretion in renewal decisions: there is no presumption in favor of renewal.

The Dean shall solicit advice from the Tenure and Promotion Committee before making reappointments of Research Professors, Professor of Practice, and full-time Adjunct Professors. The appointments of Postdoctoral fellows, Part-time Adjunct Professors, and Lecturers may be renewed upon recommendation by the Academic Dean.

Part-time Adjunct Professors, Lecturers, and Professors of Practice will be judged primarily on the basis of excellence in teaching: their student course evaluation scores should consistently be above the average scores for all courses in their division. Maintaining research productivity is encouraged but is of secondary importance in contract renewal. For full-time Adjunct Professors, in addition, a research agenda and research productivity in line with rank is expected for performance to be evaluated as satisfactory.

Professors of Research and Postdoctoral Fellows will be judged foremost on excellence in research; to the extent that they maintain a role in teaching and mentoring, this criterion will be of secondary importance in contract renewal.

The Tenure & Promotion committee will adapt its standards and procedures to reflect appropriate differences in the character of professional expertise expected of affiliated faculty members and tenure-track faculty members.

V. Procedures for Promotion

Affiliated faculty may request promotion when they are being considered for reappointment. The determination of promotion is made by the Dean. There is no presumption in favor of promotion.

Individuals appointed to Visiting Faculty, Adjunct Professors who have tenured/tenure track academic appointments elsewhere, and Courtesy appointments (see below) will be appointed to the same rank as they have in their institutions of primary employment; consequently, promotion at the Fletcher School will normally follow promotion in their institution of primary employment.

Postdoctoral fellows and Professors of Practice are not eligible for promotion.

The Dean shall solicit advice from the Tenure and Promotion Committee before the promotion of Adjunct Professors who do not have tenured/tenure track academic appointments elsewhere, Lecturers, and Research Professors.

Adjunct Professors and Lecturers will be judged primarily on excellence in teaching: their student course evaluation scores should consistently be above the average scores for all courses in their division. Maintaining research productivity is encouraged but is of secondary importance in promotion.
Professors of Research will foremost be judged on excellence in research; to the extent that they maintain a role in teaching and mentoring, this criterion will be of secondary importance in promotion decisions.

The Tenure and Promotion committee will adapt its standards and procedures to reflect appropriate differences in the character of professional expertise expected of affiliated faculty members and tenure-track faculty members.

VI. Courtesy Appointments

Faculty at other Tufts schools are eligible for courtesy appointments at the Fletcher School if there is evidence of actual or potential collaboration at the highest level (level 1 below) in one of the areas of research, teaching or service, with some cooperation also occurring in at least one other area (levels 2 or 3 below).

A) Research activities
   Level 1) co-operation in research projects, grant applications, etc.
   Level 2) co-operation within research institutes
   Level 3) co-organization of joint seminars and workshops

B) Service and institutional co-operation
   Level 1) formal participation in job searches and other major tasks
   Level 2) informal participation in job searches and other major tasks
   Level 3) participation in other joint committees, etc.

C) Teaching and advising
   Level 1) teaching of courses
   Level 2) advising (master’s theses, doctoral theses, etc.).
   Level 3) guest lecturing and other forms of pedagogical cooperation

Their appointment shall be at the same rank and title that they hold in their main appointment.

These appointments are voluntary. They entail no formal obligations (whether teaching or service). They are non-budgetary: they commit the Fletcher School to no expenditures. Individuals with Courtesy appointments are not evaluated by the Fletcher School’s faculty for promotion or tenure decisions.

Candidates for courtesy appointments will contact the Dean or the Academic Dean, who will determine whether the above conditions have been met. The existence of tenured/tenure-track faculty sponsors within the Fletcher School is an important indicator of support for such an appointment. If the Dean determines that the individual has met the conditions for a courtesy appointment, the Dean will propose the candidate to the Executive faculty, which shall vote to approve or disapprove the conferring of the title. Appointments may be made for a period of up to 5 years and are renewable (as long as the preconditions for appointment continue to be satisfied, and after a renewal recommendation is made by the faculty).
Tufts University Policy on Academic Freedom, Tenure and Retirement of
The Board of Trustees of Tufts University Revised Policy Academic
Affairs, May 19, 2000 Board Of Trustees, May 20, 2000

I. Academic Freedom and Tenure

Academic freedom is essential to the free search for truth and its free exposition and applies to
both teaching and research. Freedom in research is fundamental to the advancement of truth.
Academic freedom in its teaching aspect is fundamental, not only to the advancement of truth but
for the protection of the rights of the teacher in teaching and of the student to freedom in learning
as well. It carries with it duties correlative with rights.

Tenure is a means to a certain end, especially:

1) Freedom of teaching and research and of extramural activities, and

2) A sufficient degree of economic security to make the profession attractive to men and
women of ability.

II. Academic Freedom

(a) The teacher is entitled to full freedom in research and in the publication of the results,
subject to the adequate performance of his/her other academic duties; but no regular
activity for pecuniary return shall be engaged in without the approval of the university.

(b) The teacher is entitled to freedom in the classroom in discussing his/her subject, but
should be careful not to introduce into his/her teaching controversial matter which has no
relation to the subject.

(c) The college or university teacher is a citizen, a member of a learned profession, and
an officer of an educational institution. When he/she speaks or writes as a citizen, he/she
should be free from institutional censorship or discipline, but the teacher’s special
position in the community imposes special obligations. As a person of learning and an
educational officer, he/she should remember that the public may judge the profession and
the institution by his/her utterance. Hence, he/she should at all times be accurate, should
exercise appropriate restraint, should show respect for the opinions of others, and should
make every effort to indicate that he/she is not an institutional spokesman.

III. Academic Tenure

(a) Initial appointments of faculty members in schools in which tenure appointments may
be given are ordinarily made for successive terms in a probationary period. At the end of
such probationary period a full-time faculty member will, subject to the provisions of
paragraph (d) of this section III, be granted an appointment with permanent or continuous
tenure, unless he/she is notified in writing to the contrary prior to the beginning of the last
year of probationary period. Thereafter the services of the faculty member will be
terminated only for adequate cause, or under extraordinary circumstances because of
bona fide financial exigencies or program discontinuance or resignation or retirement.

(b) The probationary period is hereby defined as seven (7) years of full-time service for
the Faculties of Liberal Arts and Jackson, Engineering; provided, however, that it may be
extended for a period not exceeding three years for a faculty member who at the time of
employment did not have his/her Ph.D. or its equivalent, if the University and the faculty member agree in writing at the time of employment to such an extension. For the Dental School, The Fletcher School of Law and Diplomacy and the Basic Science Departments (i.e. Anatomy and Cellular Biology, Biochemistry, Pharmacology, Molecular Biology and Microbiology, Physiology, Neuroscience, and Pathology) of the Schools of Medicine, the probationary period is hereby defined as ten years of full-time service. In all schools in which tenure appointments may be given, except The Fletcher School of Law and Diplomacy, there may be credited as a part of such probationary period full-time service as a faculty member in all other institutions of higher education not exceeding three years in the aggregate unless the university and the faculty member agree in writing at the time of employment that a longer period of such service will be so credited.

(c) Permanent or continuous tenure may be awarded by the university prior to the expiration of the probationary period.

(d) In order to be eligible for permanent or continuous tenure a faculty member must:

1. Be serving the university full-time as a faculty member.

   In the School of Medicine, this is interpreted to mean strict full-time faculty members whose major professional commitment is to the Basic Science Departments of the School of Medicine and, where appropriate, to an affiliated institution, whose locus of professional activity is at the Schools or affiliated institution and whose salary is guaranteed by the Schools.

2. Have the unmodified rank of professor, associate professor, assistant professor, or instructor (except that of assistant professors and instructors in the basic science departments of the School of Medicine, and assistant professors and instructors in the School of Dental Medicine shall not be eligible.)

3. Have a full-time appointment on the faculty of any of the following:

   (i) Liberal Arts Jackson, and Engineering.

   (ii) Fletcher School of Law and Diplomacy.

   (iii) The Basic Science Departments (i.e. Anatomy and Cellular Biology, Biochemistry, Pharmacology and Experimental Therapeutics, Molecular Biology and Microbiology, Physiology, Neuroscience, and Pathology; ) of the School of Medicine.

   (iv) School of Dental Medicine, unless the University and the faculty member of that School agree in writing that he/she is not eligible for permanent or continuous tenure.

(e) During the probationary period a faculty member shall not be denied the academic freedom that all members of the faculty have.

(f) Appointments in Other Schools.

1. Appointments in the School of Nutrition may be renewable at the discretion of the appointment authorities; all appointments will be subject to the availability of funds.
(2) Continuous term appointments for clinical faculty may be made in the School of Veterinary Medicine and in the Department of Family Medicine and Community Health in the School of Medicine, for periods of up to three years for Associate Professors and up to five years for Professors. Continuous term appointments are automatically extended each year for a period of one year.

(g) In the case of a termination for a cause of appointment with permanent or continuous tenure, or a dismissal for cause prior to expiration of a term appointment, the faculty member concerned will be entitled to a hearing upon request. In such event, the faculty member shall be informed in writing before the hearing of the charges against him/her and shall have the opportunity to be heard in his/her own defense by all bodies that pass judgment upon the case. He/she will be permitted to have with him/her an advisor of his/her own choosing who may act as counsel. There shall be a full stenographic record of the hearing available to both the University and the faculty member unless both the University and the faculty member waive the requirement. In the hearing of charges of incompetence, the testimony should include that of teachers and other scholars, either from his/her own or from other institutions. A faculty member having an appointment with permanent or continuous tenure who is dismissed for reasons not involving moral turpitude shall receive his/her salary for one year from the date of notification of dismissal whether or not he/she is continued in his/her duties at the institution.

IV. Nonreappointments Not Involving Permanent or Continuous Tenure

(a) In all cases not involving Permanent or Continuous Tenure where a full-time faculty member is not to be reappointed following one year or more of service, the University shall give written notice to the faculty member that he/she is not to be reappointed as follows:

(1) not later than March 1 of the first academic year of service in the university if the appointment terminates at the end of that year or, if the initial one year appointment terminates during the academic year, not later than three months prior to the date of termination.

(2) not later than December 15 of the second academic year of service in the university if the appointment terminates at the end of that year or, if an initial two-year appointment terminates during an academic year, not later than six months prior to the date of its termination; or

(3) not later than twelve months prior to the date of termination of an appointment if the appointment terminates subsequent to the completion of more than two years of service in the University.

(b) In the case of a continuous term of appointment in the School of Veterinary Medicine, if a decision is made not to extend the appointment, the university shall give written notice to the faculty member that the term is not to be extended further not later than two years before the expiration of the term in the case of three year appointments and not later than four years before the expiration of the term in the case of five year appointments.

(c) The provisions of this policy with respect to non-reappointment will apply to research faculty members, except that in each research faculty member’s appointment letter, it will be specified that the individual is expected to obtain his/her full compensation and associated indirect costs through external grant or contract support. The appointment terminates at any
time the full external support terminates or is reduced to a level which is insufficient to provide full compensation and associated indirect costs.

V. Academic Year

The academic year of the Faculty of Arts and Sciences and Engineering, the College of Special Studies, The Fletcher School of Law and Diplomacy, the School of Dental Medicine, and the School of Nutrition Science and Policy, is from September first through August thirty-first. The academic year for the Schools of Medicine and Veterinary Medicine is from July first through June thirtieth.

VI. Reappointment

A faculty member who was retired mandatorily prior to January 1, 1994, may be reappointed yearly upon recommendation of the respective Dean, concurrence by the provost and president, and with approval by the Board of Trustees.

VII. Emeritus Status

A faculty member who has retired may be considered for emeritus status upon recommendation of the respective dean, concurrence by the provost and president, and with approval by the Board of Trustees. (If you announce your decision to retire and request emeritus status by ( ), the status can be conferred at the graduation ceremony.)
Tufts University Activities and Opportunities for Emeriti Professors

Tufts University wishes to make certain that we participate, insofar as it is within our means and resources, in the life of our faculty during their retirement. While constraints of space and resources may limit us in more fully responding to the needs of our emeriti faculty, we are committed to trying. Please feel free to send suggestions to the Office of the Provost, Ballou Hall.

COMMUNICATIONS

The Office of the Provost is attempting to maintain a mailing list of emeriti and to supply labels, upon request. We need the help of departments/schools and emeriti to keep these lists up to date.

Retired faculty will be put on mailing lists for University publications such as the CRITERION and TUFTS JOURNAL. The faculty member must submit the proper address to the Office of Communication, Sweet Hall, with their request.

DEPARTMENTAL SERVICES

Departments are urged to maintain an active list of their retired faculty and to make certain that all appropriate departmental events are part of mailings to emeriti faculty (unless they ask for their names to be deleted from the mailing list). They should be invited to departmental colloquia, lectures, and professional and social functions.

FACULTY MEETINGS

Retired faculty may be invited to attend faculty meetings, without vote, of the appropriate school or college. They may request agenda mailings from the Secretary of the appropriate Faculty.

FITNESS CENTER

There is a new Fitness Center in Cousens Gym. If emeriti would like to request admission to use the Center, they should get in contact with Rocky Carzo at 627-3232.

LIBRARY PRIVILEGES

Retired faculty members should maintain their Tufts ID cards to have access to the Tufts Library Systems as well as for other events and activities on campus. At Wessell Library, when faculty retire, they are deleted automatically from the computer file. As a result, if they want to retain library privileges, they need to go to Wessell Library and explicitly register. Retired faculty may request carrel space in the Arts & Sciences Library on the Medford campus to be assigned when available.
MENTORING AND TEACHING

At times, there are opportunities for emeriti to teach part-time in their departments. There may be mentoring and teaching possibilities through the Experimental College as well. Please contact the Director, Robyn Gittleman, if you are interested.

PARKING

Emeriti faculty on the Medford campus may request a parking card without charge from the Office of the Provost, to use when parking on the Medford campus. The Grafton faculty may apply to Security on the Grafton campus for a sticker and the fee will be waived. The Boston Security Office does not issue Tufts stickers to faculty and therefore this arrangement may not extend to the Boston campus.
CHAPTER 3 - LEAVES

Policy Regarding Sabbatical Leave and Leave of Absence – (Fletcher)

ACADEMIC LEAVES OF ABSENCE

This policy is intended to supplement and implement the Tufts University "Definition of Policies Concerning Sabbatic Leave and Leave of Absence of Members of the Faculties of Tufts University," a copy of which is appended. Although leave policy differs in regard to sabbaticals and unpaid leaves, certain principles are common to both:

Leave is a privilege which may be granted upon proper application; it is not a guaranteed right.

The applicant must demonstrate a valid reason or need for the leave.

It must be determined that the granting of a leave request is consistent with the best interests of the School. The best interests of the School will be evaluated by reference to the teaching, research and service needs of the School. In particular, arrangements for appropriate substitute instructors will be considered, and faculty requesting leave are expected to assist in making such arrangements.

No financial remuneration or release time will be awarded in lieu of any kind of leave granted but not taken.

Faculty awarded a sabbatical or a leave without pay may or may not remain in residence. If in residence, however, they are not obligated to teach, hold office hours, advise students, participate in the activities of School or of University committees, or carry out any of the duties associated with their regular academic appointments. Depending on availability, faculty may continue to have office space and access to research facilities, including libraries.

SABBATIC LEAVES

A sabbatical is granted to members of a faculty as a recognition of notable service through teaching and scholarly contributions and as an aid and inspiration to further achievements. Sabbaticals are intended to provide teachers with opportunities for scholarly development and contacts which will contribute to their professional effectiveness and to the value of their later service to Tufts University. A sabbatical may not be used for the purpose of recreation.

Eligibility and Opportunity

Sabbaticals are granted only on the approval of the Dean. The candidate for leave shall normally have served with professorial rank at Tufts for at least six years, but nothing herein contained shall limit the right of the Dean to enter into a special agreement concerning the time of the first sabbatical of a member of the faculty brought from another institution or organization. The opportunity for taking sabbatical at regular intervals is not absolutely guaranteed by Tufts University and will be granted only when the condition of the School and of the University in general is such that the professor's absence will not seriously impair the interests of the School.
A faculty member who accepts a sabbatical is expected to return to the School. A sabbatical will not ordinarily be granted unless the applicant would, at the expiration of such leave, be eligible for continued service on a faculty of Tufts University for at least one year before retirement.

In certain cases, the Dean may count a full year of leave without pay as part of the consecutive years of service which are a prerequisite to a sabbatical. An applicant for leave without pay must include, on the leave application, a request that the time be so counted.

**Periods of Leave and Compensation During Leave**

A sabbatical may involve absence for an academic year at half-salary or for a semester at full salary. A member of the faculty on sabbatical is not to receive compensation for service in another institution or organization. This shall not be so construed, however, as to preclude either fellowships or other grants-in-aid for advanced study.

**Application for Leave**

A completed application form for sabbatical should be sent to the Dean via the Academic Dean. The applicant must have a well-considered plan for spending the leave in a manner clearly calculated to contribute to the best interests of the School. A detailed written statement of this plan, together with clear indications of its professional advantages, and a current curriculum vitae shall accompany the application. Application forms must be received in the Dean's office by December 1 preceding the academic year in which the sabbatical is desired. The letter from the Dean to the applicant approving the sabbatical represents a commitment both of the university and the faculty member. Therefore, no changes may be made in the plans for the leave without the written agreement of both parties.

**Required Report**

Upon returning to the University after sabbatical, the faculty member shall write a detailed report of activities during the leave and shall send the report to the Academic Dean for transmittal to the Dean, the Provost, the President, and the Trustees.

**UNPAID ACADEMIC LEAVES OF ABSENCE**

Unpaid academic leaves are subject to approval by the Dean upon recommendation of the Academic Dean. Unpaid academic leaves of absence are distinct from unpaid personal leaves of absence. Unpaid academic leaves are usually not granted for a consecutive period of more than one academic year. In certain cases, the Dean may recommend that such a period of leave be counted as part of the consecutive years of service which are prerequisite to sabbatical. An applicant for leave without pay must include on the leave application a request that the time be so counted.

The letter from the Dean to the applicant approving the leave without pay represents a commitment both by the University and the faculty member. Therefore, no changes may be made in the plans for the leave without the written consent of both parties.
Leave During Probationary Period

A full year of unpaid leave will count as part of the probationary period leading to review for tenure, unless otherwise negotiated at the time that the leave is requested.

If leave without pay is requested for the year in which the individual would be scheduled to be reviewed for the award of tenure, normally that year must count as part of the probationary period, and the individual will be reviewed during the leave of absence.

If an individual requests leave without pay during his or her terminal year at Tufts, the granting of the leave will not extend the appointment beyond the year for which the appointment was originally made; that is, the year of leave will constitute the individual's terminal year.

Benefits

For faculty on unpaid academic leave, health, dental, and long-term disability coverage remain unchanged; life insurance and retirement, however, are proportional to one's actual salary during the period of leave. (For faculty on unpaid personal leave, life insurance and long-term disability coverage cease for the period of the leave. Health and dental coverage continue, but the faculty member pays the full cost of these benefits. If personal leave continues beyond two years, all benefits cease.) Specific questions should be addressed to the Benefits Office.
Definition Of Policies Concerning Sabbatic Leave and Leave of Absence of Members of The Faculties (Tufts University)

Adopted by the Board of Trustees, April 16, 1959
Amended by the Board of Trustees, April 27, 1968
Further amended by the Board of Trustees, March 6, 1971
Further amended by the Board of Trustees, May 19, 2001
Effective May 19, 2001

PREAMBLE

Sabbatic leave is granted to members of a faculty as a recognition of notable service through teaching and scholarly contributions and as an aid and inspiration to further achievements. Sabbatic leave is intended to provide professors with opportunities for scholarly development and contacts which shall contribute to their professional effectiveness and to the value of their future service to Tufts University. It is assumed that a faculty member who accepts leave intends to return to the university.

A. Eligibility and Opportunity for Sabbatic Leave

Sabbatic leave is granted only to those of professorial rank (assistant professor, associate professor, professor) and in consideration of the nature and period of service with such rank at Tufts University. The candidate for leave shall have served with professorial rank at Tufts for at least six years, but nothing herein contained shall limit the right of the president or his/her designee to enter into a special agreement concerning the time of the first sabbatic leave of a member of the faculty brought from another institution or organization. The opportunity for taking sabbatic leave at regular intervals is not absolutely guaranteed by Tufts University and will be granted only when the condition of the department involved and of the university in general is such that the professor's absence will not seriously impair the interests of the university. It is understood that consideration will be given to the special conditions in small departments, even though additional expense to the university may be involved. Sabbatic leave cannot ordinarily be granted unless the applicant would, at the expiration of such leave, be eligible for continued service on a faculty of Tufts University for at least one year before retirement.

B. Periods of Leave; Compensation During Leave

Sabbatic leave may be granted for a period not to exceed one year, during which period the professor shall receive one-half of his/her regular salary; or it may involve absence for one-half year with full salary. It is understood that a member of the faculty on sabbatic leave is not to receive compensation for services in another institution or organization without prior approval of the Provost. This shall not be so construed, however, as to preclude either fellowships or other grants for advanced study, or such occasional teaching, consulting, or other professional activities as may form an integral part of a program for advanced study. Approval of a plan for a faculty member to receive compensation from another organization during a sabbatic leave will be contingent upon the ability of the University to work out an agreement with the faculty
member and the sponsoring organization that the Provost, in his/her sole discretion, believes adequately protects the University's interests in intellectual property.

C. Time and Requirements of Application for Leave

Completed application form (obtained from the Provost's Office) for leave should be addressed to the President of Tufts University via the chairman of the department concerned, the deans and the provost. The applicant must have a well-considered plan for spending the leave in a manner that will clearly contribute to the best interests of the university. A detailed written statement of this plan, together with clear indications of its professional advantages, shall accompany the application. Application forms should be received in the Provost's Office by January 1 preceding the academic year in which sabbatic leave is desired.

D. Leave of Absence

Leave of absence, without pay, may be granted at any time, for not more than one academic year. In certain cases the president and trustees may count such a period of leave as part of the consecutive years of service which are a prerequisite to sabbatic leave.

E. Required Report

Upon returning to the university after sabbatic leave, the professor is required to write a detailed report of activities during leave and shall transmit the same to the president and school dean in a form suitable for distribution to the trustees. The report is due no later than three months following return from leave.

Sabbatical Leave Form - Due before January 1 preceding the academic year in which sabbatic leave is desired.
Application for Sabbatic Leave

A Tufts University faculty member who wishes to apply for sabbatic leave should first consult the Trustee policy concerning sabbatic leave to make sure that he/she is eligible. In brief, this statement recites that the applicant should: (1) have served full time at the rank of assistant professor or higher for at least six years; (2) have a project for improving his/her scholarly development and professional effectiveness; (3) submit this application by January 1 preceding the academic year in which sabbatic leave is desired.

A. GENERAL

The Fletcher School of Law and Diplomacy has a Code of Academic Integrity. The purpose of the Code is to inform students, faculty and staff of the standards of integrity regarding scholarship and collegial use of resources. Since violations of the Code are violations of both academic and social standards expected of members of the Fletcher Community, violations can be grounds for revoking course credit and the degree or honors of which it formed a part and removing a person from that Community.

Enforcement of the Code is in the hands of each member of the Fletcher Community. Every member of the Fletcher Community is expected to conform to the Code.

The primary means of enforcement is self-discipline. But there are times when self-discipline may fail. At those times, any member of the Fletcher Community who becomes aware of a violation of the Code has a responsibility to the community to take action. If a direct discussion with the violator would not fully remedy or clarify the situation, some other person must be informed. Normally, that person in the case of the violation of the Code's Library section would be a staff member of the library or the Director of the Library; in the case of an Examination or Written Work violation, the instructor setting the examination or grading the written work.

Specific procedures regarding violations Academic Integrity are covered below in section E.

Academic integrity cannot be codified in every aspect. But some statement of how the general principles apply to specific situations can be useful to illustrate the scope and normal operation of those principles. The possibility that some particular situation is not expressly covered in the following three sections does not excuse violation of the principles.

B. WRITTEN WORK

Attributions

1. General Rule: All written work submitted for credit towards a Fletcher course or degree must be the work of the person named as submitting the paper for credit. But it is acknowledged that scholarly thought and even reportage frequently requires the collaborative efforts of several people. The following are the principal guidelines regarding attributions:

a. Written contributions to the written work, whether or not quoted directly, should be attributed. The attributions should be in the form of footnotes or endnotes prescribed by format regulations. General background reading need not be attributed unless requested by the person responsible for grading the written work or relied on so heavily that an uninformed reader might attribute to the writer ideas that the writer is repeating from other sources.
b. The sources of all factual data contained in written work must be identified. Factual data stemming from an oral interview should be attributed to the interview, identifying the person interviewed, dates and places. Factual data stemming from personal observation should be similarly identified.

c. Oral contributions that are functionally equivalent to written contributions, such as dictated passages, interpretations of notes and speeches or other oral presentations not yet published, must be identified in the same way as written contributions or interviews.

2. Exceptions: The Fletcher School does not give academic credit for classified research. However, in some cases, important data might be so sensitive that to reveal its source even indirectly will jeopardize a career or a life. Data classified by a government or proprietary data might also fall within this category. Such situations must be discussed with the faculty members responsible for evaluating the work and arrangements made to maintain scholarly standards while safeguarding sources. In some cases, arrangements will also have to be made with the Director of the Library to safeguard sensitive work deposited there.

**Dual Submissions**

All written work submitted for scholarly evaluation as part of the degree requirements at The Fletcher School should be original work not submitted for scholarly evaluation at another institution or to more than one instructor at The Fletcher School unless specifically authorized beforehand by the Fletcher instructors involved. Transfer credit for work done elsewhere is given in appropriate cases by petition to the Committee on Student Academic Programs.

**C. EXAMINATIONS**

With respect to in-class and take-home examinations, students shall not seek or receive assistance of any kind from any sources not permitted by the examiner. Nor may students offer or allow to another person any assistance in an examination not expressly authorized by the examiner.

During class examinations, there must be no unauthorized communication of any sort or unnecessary noise or other distractions.

In principle, all students are bound by identical time limits for examinations. However, there might be cases in which extensions of the time limit might seem appropriate for particular students or to take account of particular circumstances. Students asking for an extension of the assigned time limit should bring their particular cases or the pertinent circumstances to the attention of the person setting the examination a reasonable time before the examination. Discretion whether to allow extra time, and if so, how much extra time and under what conditions, belongs solely to the person setting the examination.

Students taking examinations either in-class or take-home, may use only those materials which have been authorized by the evaluator. Even when the use of library materials is authorized by
the evaluator, students may not use any library materials for purposes of an examination when that use will result in other students not having equivalent access to them.

D. LIBRARY

The materials in the Ginn Library are for the use of the entire Fletcher community. It is a violation of the Code to remove library materials without charging them out, to hold borrowed materials past the return date, to secrete library materials in book lockers or sections of the stacks not corresponding with the call numbers assigned to the materials, defacing library materials, or any other actions which could give one user of the library a significant advantage over other users.

E. PROCEDURES REGARDING VIOLATIONS OF CODE OF ACADEMIC INTEGRITY

These are the procedures that will be applied in the case of any alleged violation of the Code of Academic Integrity of The Fletcher School of Law and Diplomacy.

1. Self-Enforcement. Members of the Fletcher Community who identify a possible violation of the Honor Code have a responsibility to bring the relevant facts to the attention of the instructor for the course involved, if any, or the Academic Dean or the Dean of Students. However, the mere failure so to report (if it does not amount to aiding and abetting the violation) shall not be considered a violation of the Honor Code. In order to avoid the possible adverse effects of rumors that have not been substantiated, it is advisable not to discuss the possible violation with persons not involved with enforcement procedures.

2. Confidentiality of Charges and Disposition. Throughout the process described here, other than as necessary or appropriate to give effect to the Honor Code or the procedures described here, or as otherwise necessary or appropriate in order to comply with University policy or law, the participants in the process described here shall keep the identity of the respondent confidential, except where the respondent effectively waives this confidentiality.

3. Accusations and Anonymity. Students or others (except instructors) who merely submit documentary evidence, or other information that stands by itself in terms of its authenticity and meaning, may choose to remain anonymous. They should indicate this desire when they deliver the evidence to the relevant instructor, or to the Academic Dean or Dean of Students, and the remainder of the process will use reasonable efforts to maintain the anonymity of these students or others. On the other hand, students or others who provide information regarding alleged Honor Code violations in the form of their own observations cannot remain anonymous, as the person accused should be afforded the opportunity to confront adverse witnesses. Where the Academic Dean or the Dean of Students receives information that he or she considers non-frivolous regarding an alleged Honor Code violation, the matter shall be referred either to the instructor involved or to the Honor Code Committee referred to below for action under sections 4 or 5 below.

4. Evaluation of Facts and Imposition of Penalties by Instructor.
a. In cases where either (i) the instructor has first-hand knowledge of the Honor Code violation (e.g., plagiarism, or if the instructor is proctoring an examination in which the instructor observes cheating), or (ii) the facts are not disputed, the instructor is authorized to impose penalties relating to the student's grade in the course, up to failure. The instructor may only do so after providing the respondent with notice and an opportunity to respond to the allegations. The instructor shall report the violation and his or her action, describing the opportunity provided to the student to respond to the allegations, to the Academic Dean, the Dean of Students and the Registrar, who, subject to section 6 below, will maintain a record of these matters separate from the student's official transcript.

b. If conditions (i) or (ii) for application of paragraph (a) are not met, the instructor or the Academic Dean may request the Honor Code Committee to, and it then shall, engage in the procedure described in section 5 below.

c. In addition, if the instructor or the Academic Dean feels that graver penalties than those described in paragraph (a) may be merited, because of the severity of the alleged violation or because the violation would not be the first found to have been committed by the student involved, either of them may request the Honor Code Committee to, and it then shall, engage in the procedure described in section 5 below.

d. Finally, in cases where the instructor imposes penalties pursuant to paragraph (a) above, the student, if he or she believes that the imposition of penalties was an incorrect application of the Honor Code, may request the Honor Code Committee to, and it then shall, engage in the procedure described in section 5 below. The School's normal grievance procedure will not apply to these cases.

5. Evaluation of Facts and Recommendation of Penalties by the Honor Code Committee. At the beginning of each academic year, the Dean shall appoint an Honor Code Committee comprised of five people drawn from the faculty and staff of the School, and two people drawn from the student body of the School. When a matter is referred to the Honor Code Committee, it shall evaluate the facts and make a recommendation as to an appropriate penalty, if any, pursuant to the following procedures. The Honor Code Committee may, with the consent of the Dean, appoint a subcommittee of members of the Honor Code Committee, or other members of the Fletcher Community, to discharge its responsibilities under this section. If such a subcommittee is formed, it shall serve in all respects in place of the Honor Code Committee under these procedures, in respect of matters assigned to it.

a. Notice to Respondent. Once it has determined to evaluate a matter, the Honor Code Committee shall request the Dean of Students to, and the Dean of Students then shall, notify the respondent, describing the allegations. Along with the notice, the respondent shall be given a copy of these procedures and such other materials as the Honor Code Committee shall deem appropriate.

b. Procedure. The Honor Code Committee will be in charge of its procedure, and may adopt such procedural rules as are consistent with efficiency and fair process in the
context of these procedures. The Honor Code Committee will be required to hold a
hearing, at which it will provide the respondent an opportunity to be heard, and may
examine the respondent, other witnesses and evidence, all as it deems appropriate. The
Honor Code Committee will be in charge of what evidence it considers, and shall
consider the relative credibility of evidence as it assesses the facts.

c. Attendance at Hearings. Hearings shall be attended only by the Honor Code
Committee, the respondent, an advocate, if any, as described in paragraph (e) below, and
any witnesses and, at the discretion of the Honor Code Committee, University counsel.
Witnesses other than the respondent shall attend only while they give their evidence.
However, if the respondent requests, Fletcher School students and faculty may be
admitted to the hearing, in such numbers and to such extent as the Honor Code
Committee determines is consistent with the maintenance of a suitable atmosphere.

d. Recording of Hearings. At the Honor Code Committee's discretion, hearings may be
recorded on audio tape by the School. The person in charge of preparing the audio tape
may attend the hearings as necessary to do so. The School will retain custody and control
over these tapes in such manner as it determines, and shall make transcripts if and as it
deems appropriate. The School will make the audio tape or copies thereof available to the
respondent for review, within a reasonable time after receipt of a request. Defects in the
recordings will not invalidate the proceedings, unless the Honor Code Committee so
determines.

e. Advocates. Students responding to allegations may decide to seek the assistance of an
advocate. An advocate may be a professional attorney or may be a friend, parent or
faculty member. The Fletcher School process does not make the use of an advocate
necessary, and the School does not provide attorneys for any students involved in Honor
Code proceedings. After notice by the respondent to the School, advocates are permitted
to attend any hearings before the Honor Code Committee, subject to the following
limitations.

i. The advocate may attend any hearing and consult with the respondent throughout
the process and hearing, but may not participate directly in the hearing, except to give
the respondent's closing statement if the respondent so chooses.

ii. The respondent must notify the Dean of Students at least 48 hours before any
scheduled hearing if the respondent will have an advocate at that hearing. This notice
shall include the identity and relevant affiliation of the advocate.

f. University Counsel. The School may use attorneys as it deems appropriate.

g. Report of Honor Code Committee. The Honor Code Committee shall determine
whether it finds that a clear preponderance of the evidence indicates that the respondent
has violated the Honor Code in connection with the subject matter referenced in the
notice described in paragraph (a).
i. An affirmative determination (of culpability) shall be made by an affirmative vote of at least two-thirds of the members of the Honor Code Committee in attendance.

ii. If the Honor Code Committee makes such an affirmative determination, it shall also make a recommendation as to the imposition of penalties. Possible penalties include those described in section 6(c) below. In severe cases, the sanction recommended may be suspension or expulsion.

The Honor Code Committee shall submit a written report including its determination and recommendation to the Dean.

6. Action by Dean.

a. The Dean may review any of the facts or analysis that he or she deems relevant to the decision to impose penalties, or may ask the Honor Code Committee to do so.

b. The Dean shall provide the respondent an opportunity to make a written or oral presentation to the Dean, under such conditions as the Dean shall determine. There will be no further appeal once the Dean makes a determination to impose a penalty, although the Dean may, at his or her discretion, reopen proceedings and modify or remove penalties on the basis of new evidence.

c. The penalties that may be imposed in relation to a finding of a violation of the Honor Code include, but are not limited to, the following:

   i. Report the facts to the instructor of the relevant course and request that the instructor assign (or reassign) an appropriate grade in accordance with the facts as found by the Honor Code Committee. This will normally accompany other penalties listed below, or may be imposed alone.

   ii. Reprimand without notation on the respondent's official transcript.

   iii. Censure with notation on the respondent's official transcript.

   iv. Suspension with notation on the respondent's official transcript.

   v. Expulsion with notation on the respondent's official transcript.

7. Publication. In cases in which an Honor Code violation has been found and a penalty imposed by the Dean, a brief summary of the charge, of the Honor Code Committee's report, and of any penalty imposed shall be made available for the information of the Fletcher Community. This publication shall not identify the student.
Policy on Capricious Grading
Approved by the Faculty on February 24, 2010

Prohibition Against Capricious Grading

Section 1. Capricious grading is prohibited.

DEFINITION

Section 2. Capricious grading consists of the arbitrary and capricious assignment of a grade to a student
(a) for reasons other than the student’s performance in the course;
(b) through resort to more exacting or demanding standards than were applied to other students in the course; or
(c) by a substantial departure from the instructor’s previously announced standards for the course.

FILING OF A STUDENT COMPLAINT

Section 3. (a) A student who believes that his or her grade in a course constitutes capricious grading under section 2 of this Policy shall so notify the course instructor not later than 14 weeks after the day on which the grade was posted, or after the first class has met in the semester following the semester in which the course was taken, whichever is later.
(b) The student and the instructor shall confer promptly to seek a mutually acceptable resolution.
(c)(1) If no such resolution can be achieved, the student may file a preliminary complaint with the Academic Dean not later than 14 weeks after the day on which notification occurred under subsection (a) of this section, or after the first class has met in the semester following the semester in which the course was taken, whichever is later.
(2) Such preliminary complaint shall include a written statement specifying the factual basis for the preliminary complaint and presenting any available supporting evidence.

ACTION BY THE ACADEMIC DEAN

Section 4. (a) The Academic Dean shall review the preliminary complaint in question and shall dismiss the preliminary complaint if
(1) the preliminary complaint does not allege actions which could constitute capricious grading as defined in section 2;
(2) the preliminary complaint was not filed within the period of time required under section 3(c)(1);
(3) the student has not conferred with the instructor required under section 3(b); or
(4) the student has filed the same, or substantially the same, preliminary complaint under another formal grievance procedure.
(b)(1) In the event the preliminary complaint is not dismissed under subsection (a) of this section, the Academic Dean shall seek to resolve the dispute informally.

(2) In so doing, the Academic Dean shall not seek to determine the validity of the preliminary complaint or to determine whether capricious grading occurred, but shall act as a good-faith mediator in attempting to facilitate a mutually acceptable resolution between student and instructor.

(c)(1) In the event the Academic Dean is unable to facilitate such a resolution, he shall determine whether substantial evidence exists to support the preliminary complaint.

(2) In the event the Academic Dean determines that no such evidence exists, he shall dismiss the preliminary complaint.

(3) In the event the Academic Dean determines that such evidence does exist, he shall refer the preliminary complaint to the Committee on Academic Integrity.

(d)(1) Not later than 10 week days following such referral, the student shall file with the Academic Dean a written complaint specifying in full the basis for the allegation of capricious grading and presenting any available supporting evidence.

(2) The Academic Dean shall immediately transmit the complaint and any accompanying materials to the instructor.

(3) The instructor shall transmit an answer to the complaint to the Academic Dean not later than 10 weekdays following receipt of such complaint.

(4) Not later than 20 week days following the date on which the instructor’s answer is transmitted under paragraph (3) of this subsection, the Academic Dean shall transmit to the Committee on Academic Integrity, the student, and the instructor

(A) a copy of the complaint, answer, and any accompanying materials;

(B) a statement summarizing actions taken by the Academic Dean under subsection (b) of this section.

**ACTIONS BY THE COMMITTEE ON ACADEMIC INTEGRITY**

Section 5. (a)(1) The Committee on Academic Integrity shall determine whether a complaint filed under section 4(d)(1) of this Policy is supported by clear and convincing evidence.

(2) If the Committee determines in the negative, it shall dismiss the complaint.

(3) If the Committee determines in the affirmative, the Committee shall order an appropriate remedy, which

(A) may include the awarding of a new grade in the course but only in the event of exceptional circumstances involving gross negligence or intentional disregard of the prohibition in section 1 of this Policy; and

(B) may not constitute a reprimand or other disciplinary action against either the instructor or the student.

(4) The Registrar shall immediately record any new grade awarded by the Committee under clause (A) of paragraph (3) of this subsection upon notification in writing by the Chair of the Committee that such new grade has been awarded.
(b) The Committee shall exercise due regard for the discretion accorded each instructor to evaluate student performance in accordance with principles of academic freedom, and, accordingly, shall not consider whether the grade in question was awarded incorrectly or erroneously.

PROCEDURE BEFORE THE COMMITTEE ON ACADEMIC INTEGRITY

Section 6. (a)(1) The Committee shall, prior to considering any complaint on the merits

(A) determine not later than 20 week days after the date on which materials were transmitted under section 4(d)(4) of this Policy whether it may exercise jurisdiction to do so; and

(B) invite the student, instructor, and Academic Dean to present arguments in this regard in a form and manner that the Committee deems appropriate.

(2) To the extent feasible, the Chair of the Committee shall ensure that the identities of the student and instructor remain confidential unless and until the Committee finds that it may exercise jurisdiction under paragraph (1) of this subsection.

(b) If the Committee finds that it may exercise jurisdiction under subsection (a) of this section, it shall convene to consider the complaint on the merits not later than 10 week days thereafter.

(c)(1) The student and instructor may attend any meeting of the Committee that the Committee designates as directed at the finding of facts.

(2) In any such meeting, the student and instructor

(A) may present any evidence relevant to the manner in which the grade was assigned, including testimony by other persons;

(B) shall have an opportunity to question or refute any evidence presented; and

(C) may each be accompanied a person of his or her choice to assist in presenting evidence or advocating on his or her behalf.

(3) The Committee shall determine the admissibility of evidence and shall adopt rules of procedure.

(d)(1) The Committee shall make no decision in the absence of a quorum.

(2) A quorum shall consist of a majority of members of the Committee.

(e) All meetings of the Committee shall be closed to the public, and, except as authorized herein, no member of the Committee may disclose publicly any information, written or oral, that is learned, transmitted, or received in the course of the Committee’s consideration of a complaint under this Policy.

(f) The Committee shall transmit its decision in writing to the student, the instructor, and the Academic Dean.

(g) The Committee shall proceed as expeditiously as possible.
**Capstone Project Description**

**CAPSTONE PROJECT**

All Fletcher students must complete a capstone project during their final year. The capstone project must evidence scholarly and/or professional analysis informed by the sustained and appropriate application of analytical methodologies. The capstone project is a significant analytical piece of work: it represents work of a higher standard than what is normally expected of a term paper and provides an opportunity for students to draw on their methodological, analytical, and substantive learning in a comprehensive written study.

The detailed requirements for any capstone project are determined by the supervising faculty member and can take a wide range of forms, including but not limited to a traditional academic research thesis, a policy paper (whether for a government, an NGO or an international organization, whether for a real client or not), an operational plan (in development, in business, in public diplomacy, etc.), a case study, a business plan. **Note that students who intend to apply to the PhD program must choose a traditional academic research thesis for the capstone project.**

While all capstone projects are alike in that they must build on significant analytical work and consist of a written final product, the specific form the final product can take may differ widely. Students and faculty may choose these different forms in pursuit of their different pedagogical aims, specific career goals, etc. Students are encouraged to make clear arrangements with supervising faculty early on about what the mutual expectations are of the capstone project.

Students are encouraged to use Fletcher seminars and courses as incubators for their capstone projects although it is not necessary. The Fletcher School has designated a number of courses explicitly as incubator courses: these courses provide opportunities and support for the development of capstone projects. This could be because such courses devote specific attention to appropriate research and analytical methods; because they teach students the methodological and substantive skills required for the elaboration of proposals or projects; because students produce significant and high quality professional work for clients, whether alone or in groups; and, frequently, because these courses provide students with opportunities to discuss and compare their capstone project plans with each other. Ideally, incubator courses will be taken in a student’s third semester, although the second or fourth semesters are possibilities as well. Students in our one-year degrees can enroll in such course in either semester.

Note that incubator courses are open to both students who wish to take these courses as part of their preparation for the capstone project and students who do not (i.e., who will write a different capstone project). In the large majority of incubator courses, the final product of the course itself will be the same for both groups of students. Those students who wish to turn that product into their capstone project will need to take an additional step, specified by the instructor.
Students can also, with the permission of the instructor, prepare their capstone project in the context of a course that has not been designated as an “incubator.” In that case, they will usually build off a final paper or product they wrote for that course and develop it further into a capstone project. Students are also able to prepare their capstone projects in connection with independent study courses. Independent study courses should involve periodic meetings between the student and the instructor throughout the term, as well as supervised readings, methodological preparation, and organization of the capstone project. The School permits group independent studies, in which students work together in the framework of faculty projects, again with the explicit permission of the supervising instructor.

Only in extraordinary circumstances will a student be permitted to prepare their capstone project outside the context of a course or independent study. This will require approval by CSAP.

The capstone project is one of the cornerstones of the Fletcher education. After decades of requiring a traditional academic thesis, The Fletcher School decided, in the summer of 2012, to broaden the range of options, in order to respond to the breadth of students’ professional and intellectual needs. However, it must be clear that, while the range of final products has become wider, the importance of high-quality analysis, informed by solid methodology and in-depth knowledge of an area, remains unchanged. The capstone project provides a unique opportunity to work long and hard—longer than one can usually do in professional life, and with more intellectual freedom and rigor—on an issue of interest to our students. This is a great opportunity, and students are encouraged to start thinking about it and talking to faculty about their capstone project as soon as they can.

New Course Submission Information

New Course Information for Submission to Curriculum Committee

Information Required in Proposals of New or Significantly Modified Courses to the Curriculum Committee

1. Name of proposing instructor(s).
2. Divisional assignment(s) of proposed course.
3. Proposed course title (and number, if available).
4. Proposed field designation(s) of proposed course.
5. Proposed catalog description for proposed course, including statements regarding required pre-requisites and recommended sequences.
6. Attach either a descriptive outline of the proposed course or a proposed course syllabus.
7. List of other courses offered that cover related or overlapping topics.
8. Description of the instructor's background in subject matter of proposed course. For proposed adjunct instructors, provide a resume.
9. Justification of the course in terms of the school's mission and curricular needs.
10. What course(s) will be dropped, or offered less often, in order to offer this course? How does this affect other course offerings?
11. These field designations should be discussed with appropriate faculty members responsible for other courses in the field.
CHAPTER 5 - RESEARCH

Tufts Research Policies are managed through:

CHAPTER 6 – SERVICE
Faculty Responsibility Guidelines

The principal professional commitment of faculty members of The Fletcher School is to the process of education. This is not incompatible with such other professional activities as scholarly research and publication, consulting, guest lecturing at other institutions, public speaking, Congressional testimonies, or serving in professional and community organizations; indeed, such activities are important insofar as they extend faculty members’ professional competence, enrich their teaching, enhance their role in student placement, or contribute to the advancement of the profession. But it is essential that faculty members not allow outside activities to interfere with their primary responsibility, which is to their students. The following guidelines are intended to aid faculty in the fulfillment of this responsibility.

These guidelines apply to all faculty members whether full-time or part-time, and pertain to the duration of the academic year. They are general in nature, since it is recognized that, in view of differing individual circumstances, it would be neither feasible nor desirable to attempt to establish precise and detailed time, instructional, or other requirements. Nonetheless, the guidelines are expected to have force in determining how faculty members arrange their professional activities.

1. Faculty members have a basic obligation to teach. This means, first of all, that they should always be adequately prepared for class sessions and should present course material in a coherent and articulate manner.

2. Second, it means that all ancillary course materials should be of the highest quality and should be prepared well in advance of need. It is of particular importance that such materials be reviewed regularly and revised where appropriate to maintain timeliness and relevance.

3. Third, faculty members, to the extent possible, should avoid disrupting the educational process by canceling or rescheduling class sessions. It is recognized that some cancellations or rescheduling may be unavoidable, but these should be kept to a minimum.

4. Faculty members should also normally eschew utilizing substitute instructors, whether students or guest lecturers, for presentation of essential course material. It is recognized that student presentations or guest lectures can play an important role in the educational process, but only as complements to, not substitutes for, the faculty’s own instruction. Faculty members are obligated to exercise quality control over student presentations or guest lectures, and should normally be present on such occasions.

5. The obligations to teach also extends to the grading of term papers and examinations. Students have the right to receive more than merely a grade or a sentence or two of commentary. Faculty members should endeavor to provide students with detailed evaluation of all written work, either orally or in the form of written comments. In addition to detailed evaluation of student work, the Faculty of The Fletcher School of Law and Diplomacy has the responsibility to maintain both consistency and the highest standards when grading student performance.
6. Finally, as a general rule, faculty members should be available to students for a reasonable period each week of the academic year. A sufficient number of regular office hours should be scheduled, preferably over two or three days in the case of full-time faculty members, to assure students in each respective course adequate and prompt opportunity to consult on course work, theses, and the like. In addition, other arrangements for consultation should be available to students who cannot be accommodated during regular office hours.

**Expense Account and Reimbursement Policies**
http://finance.tufts.edu/

**University Guidelines Pertaining To Religious Observances**

In constructing the academic calendar, religious holy days will not be the sole factor in determining days on which classes will be held or suspended. However, it is recommended:

- that students be encouraged to observe their appropriate religious holy days.
- that instructors strive to facilitate this by allowing absence from classes for such purposes, and by trying to insure that no examinations, written reports, oral reports, or other mandatory class assignments are scheduled for or due on such holy days.
that instructors provide ample opportunities for such students to make up work missed on such occasions without penalty.

CHAPTER 10 - IRB - INSTITUTIONAL REVIEW BOARD (IRB)

Instructions for Fletcher Faculty, PhDs, and Masters Students

As of October 1, 2008 all Fletcher Faculty and all Fletcher students (except PhDs) will submit their applications for exemption (or full review) from IRB to Lara Sloboda, IRB Administrator at Tufts (SBER@tufts.edu). Please go to http://www.tufts.edu/central/research/IRB/main.html for more information on your need for going through the IRB process, forms (click on “forms”) and deadlines.

If you are applying for exemption you only have to:

- Fill out the IRB Protocol Cover Sheet and the Protocol Application for Exempt Status
  - Both Forms can be found here: http://www.tufts.edu/central/research/IRB/Forms.html
- Complete the CITI Educational Program at http://www.tufts.edu/central/research/IRB/citi.html

PhD Students

Fletcher PhDs will continue to submit their IRB applications for exemption to Jenifer Burckett-Picker, Director of the PhD Program. Applications for review can be submitted electronically to Jenifer.Burckett-Picker@tufts.edu.

Please see Fletcher Instructions for Securing Approval of Human Subjects Research and Sample Application below.

Instructions for Securing Approval of Human Subjects Research Members of the Fletcher community who are dealing with Human Subjects data or who are observing or interviewing human subjects for a thesis, dissertation or other research agenda may need approval from the University’s Institutional Review board (IRB). IRB exemption may be secured via Fletcher’s IRB representative in the manner described below. IRB approval and/or review is not optional if humans are the subject of research. Failure to comply with U.S. government regulations could result in the loss of federal funding to the University and potential problems in publication for investigators.

1. Please read these instructions to see if your research is classified as Human Subjects Research (HSR). According to federal guidelines,

A Human Subject is “an individual about whom an investigator …conducting research obtains (a) data through intervention or interaction with the individual, or (b) identifiable private information.”

Research is defined as “A systematic investigation designed to develop or contribute to
Generalizable knowledge.’’(If you are not sure your study is HSR, see faculty advisor.)

2. If the above definitions do not apply, then your work is not HSR and no further action is required on your part. (PhDs send JBP paragraph requesting “exclusion.”)

3. If you are conducting HSR, but think you are eligible for an exemption under the categories in “Exemptions from IRB Review”, complete the Fletcher Human Subjects Review Exemption Form noting the exemption number which applies to you, and attach a research description and oral consent script, and CITI –SBER Education Module completion form. If your request for exemption is approved you will be notified by via email; no further action on your part is required.

4. If any one of your answers to questions #2---4 of the HSR Exemption Form is “yes,” or your request for exemption is not approved, you must complete the Tufts IRB Protocol Application (6 pages) and IRB Cover Sheet (2pgs) Forms (asking for either “expedited” (one IRB member reviews it) or “full” (full IRB Board reviews it) and complete the required CITI Education Module (SBER choice) at: http://www.tufts.edu/central/research/IRB/Forms.html

Please go to Fletcher Intranet--Students---IRB website for IRB forms and sample cases.

Exemptions from IRB Review

If you believe that you might qualify for an exemption from HSR, you must request the exemption. The Code of Federal Regulations sets out the following situations where research may be exempted from regular IRB review:

1. Research conducted in established or commonly accepted educational settings, involving normal educational practices. An example of this would be a comparison of the effectiveness of two generally accepted instructional strategies.

2. Research involving the use of educational tests, survey procedures, interview procedures, or observation of public behavior UNLESS the information is recorded in a manner in which the subject can be identified AND disclosure would place the subject at risk of criminal or civil liability or be damaging to financial standing, employability, or reputation. This does not apply where the subjects are children except where it involves passive observation or public behavior.

3. Research involving the use of educational tests, survey procedures, interview procedures or observation of public behavior where subjects are elected or appointed officials or candidates for public office.

4. Research involving the collection or study of EXISTING data, documents, records, or specimens if the sources are publicly available or the information is recorded by the investigator in such a manner that subjects cannot be identified directly or through identifiers or codes. (Note: Even brief use of identifier or code disqualifies the exemption.)
5. Research and demonstration programs designed to study, evaluate, or examine Federal public benefit or service programs.

6. Taste and food quality evaluation and consumer acceptance studies involving wholesome foods without additives or with additives or chemicals. For PhD students, IRB exemption established "safe" levels. For further information on exemption, refer to: 

Fletcher Ph.D. Student Human Subjects Review Exemption Form (Research must be “minimal risk” to qualify for exempt status. This means probability of discomfort or risk, anticipated in research is not greater than that ordinarily encountered in daily life or during routine tests. Risk can include physical or emotional harm, as well as loss of reputation or risk of financial harm.

1. I believe that my research is exempt from human subjects review due to exemption #___ (see Exemptions from IRB Review list).

2. I am interviewing and/or observing pregnant women, children under the age of 18, and/or prisoners. YES___ NO___

3. I will be using deception (not giving subjects’ complete information or giving misleading information) to conduct my interviews. Yes ___ No___

4. I will be conducting experiments on the population that may have adverse physical, psycho/sociological, political and/or economic impact. YES ___ NO ___

(If your answer to # 2---4 is “Yes”, you are not eligible for exempt review and must complete the Tufts IRB Protocol Application and Cover Sheet. If answers to questions 2 to 4 are “No”, please attach your “Research Description” (at least one page) that includes information on background, objectives, subject population and number, recruitment process, description of how research will be conducted, how confidentiality will be maintained (and if not, why it is not necessary), justification for exemption and why risk to participants is minimal, benefits to participants and to society (if any), conflicts of interest (if any) and explanation of where data will be stored (and if it is identifiable, whether identifiers will be stored with or separate from the data as well as when identifiers would be destroyed) and who will have access to it. Attach any questionnaires, interview instruments, recruitment documents, that will be used in English and foreign lang.

An official “Written Consent Form” is not required for exempt studies. Just write a paragraph or two explaining the oral consent process. This informed consent” statement should explain to participants in simple English the purpose of study, procedures, any repercussions and what they’ll be required to do. It should explicitly state that participation is voluntary and note that you’ll give them 15 minutes to decide if they want to volunteer. Attach foreign language translation if oral consent is not in English.

Is your study funded? Yes___ No___ If, yes, have you filed “Conflict of Interest Disclosure” form with the Vice Provost’s Office? ___Yes ___No ___
Not applicable

Return this form to Jenifer Burckett-Picker (for PhD students)

* Please note that there is no Fletcher review from early June to late August and so plan your summer research application so that the completed form is received by Jenifer by this date. Also note that according to Tufts IRB regulations you must receive approval before you start your research. If you miss the May 15th deadline for Fletcher review for summer research, you will need to deal directly with the Tufts IRB at [http://www.tufts.edu/central/research/IRB/main.htm](http://www.tufts.edu/central/research/IRB/main.htm).
