Two Recommendation Forms with Letters of Reference

GMAP requires two letters of recommendation from individuals who have supervised your work and know you well. The recommendation consists of two parts: the recommendation form and a separate letter of reference. The recommendation form includes an evaluation component that your recommender must complete. The recommendations can be sent directly to GMAP, or they can be returned to you and you can submit them with the rest of the application. Please see the recommendation form for specific instructions.

Letter of Understanding

Please provide a letter of understanding from your employer (i.e. a senior official at your organization). This letter should be written on company letterhead and state that your employer endorses your participation in the program, is aware of the time demands, will grant you the necessary time off to attend residencies, and, if applicable, is willing to provide financial assistance. Applicants who are self-employed are not required to submit the letter of understanding, and should instead submit a statement indicating as such.

 Official Academic Transcript(s) (i.e. Grade Report and Degree Conferred) from all colleges and universities attended

Transcripts of *all* academic work that contributed directly to your undergraduate and other postsecondary degree(s) are required. Transcripts should show the name of each course taken and the grade received, as well as the year/term in which it was taken. Appropriate university officials should certify these records, and records should state the degree conferred. Transcripts not in English **must** be accompanied by a certified English translation, completed and signed by an official translator.

For admissions purposes, we will accept copies of official transcripts that are sent directly by you or your academic institution to GMAP. *Should you enroll at Fletcher, you will be required to submit original transcripts and diplomas.*

If your degree includes credits transferred from another institution (e.g. study abroad, summer school, or transfer credit) the courses and grades associated with those credits must be listed on your degree transcript, or provided in a separate transcript from the host institution.

While not required, we encourage you to submit grades for additional courses taken outside of a degree program.

If your college or university does not use a traditional 4.0 grading scale, please provide an explanation of the grading system, including systems of designation for honors and distinction.

Please do not submit any high school transcripts or records.

 Interview

The GMAP Admissions Team encourages prospective students to schedule phone or Skype calls with the team at any point during the application process. Moreover, prospective students visiting or residing in the Boston area are welcome to visit Fletcher and interview in person. The GMAP Committee on Admissions and Scholarships may also request an initial or additional Skype interview with an applicant after they have submitted their full application for admission to the program.

□ Two Essay Responses

The GMAP Committee on Admissions and Scholarships seeks to ensure that there is a good match between each admitted student and the School. As such, the essay questions are very important parts of the application.

- **Essay 1:** *What are your specific professional goals? How will Fletcher's Global Master of Arts Program help you achieve them? (400-600 words)*
- **Essay 2:** *Taking into account your position and your organization's place in world affairs, briefly describe the three most important challenges facing your organization today. (300-500 words)*

Please respond to both essay questions and conform to the length guidelines. You may choose to respond through a written essay or a video essay to either of these questions. Written responses should be typewritten and double-spaced. Video essays should not be more than 5 minutes long and can be submitted through one of the following methods:

1. Videos may be uploaded to a streaming service such as YouTube and shared with the GMAP Admissions Committee through a private link.
2. Videos may be uploaded onto a disk or USB drive and mailed with the application.
3. Videos may be uploaded to a file sharing service such as Dropbox or Google Drive.

□ English Language Testing (if applicable)

If your native language is not English and you have not earned a university degree (undergraduate degree or graduate degree lasting two or more years) where English was the language of instruction, and you do not use English as the primary means of communication at your job, you are required to demonstrate your English language proficiency for admission to the program.

Acceptable English language testing options include: Test of English as a Foreign Language (TOEFL); the International English Language Testing System (IELTS); or the Pearson Test of English (PTE). A score of 100 on the Internet-based TOEFL (600 on the paper-based TOEFL), with subscores of 25 on each of the four components (reading, writing, listening, speaking) is generally considered evidence of sufficient English language ability for graduate study at The Fletcher School. Equivalent scores of 7 on the IELTS (with subscores of 7), or 68 on the PTE are also considered an indication of sufficient ability.

Applicants must contact the testing service to have their official score reports sent to The Fletcher School. The TOEFL institutional code number for Fletcher is 3399. Normally test results will take a minimum of two weeks to arrive at Fletcher.

Native English speakers are not required to submit standardized test results.

☐ GMAP Scholarship Application (if applicable)

To apply for scholarship aid from GMAP, you must complete in full the Scholarship Application and submit it with your Application for Admission. The GMAP Committee on Admissions and Scholarships awards scholarships to our applicants based on a combination of merit and financial need. These awards typically take the form of partial scholarships which help to defray the program cost.

Please be mindful of the priority deadlines for scholarship consideration:

- Class of 2017-18: **April 1, 2017** is the priority deadline for GMAP scholarship consideration.
- Midyear Class of 2017-18: **October 1, 2017** is the priority deadline for GMAP scholarship consideration.

☐ FAFSA/Federal Loan Information (if applicable)

Eligible U.S. citizens/permanent residents can borrow through a variety of federal loan programs. Eligibility for all federal loan programs is determined by Tufts University Student Financial Services. In general, a GMAP student is eligible to borrow federal aid up to the cost of the program plus a travel allowance (through the Federal Direct Loans and GradPlus Loans). Please review the following links for further information on federal loan options:

<http://fletcher.tufts.edu/Admissions/Financing-Your-Education/Loans-and-Employment>
