Founded in 2000, GMAP is a 12-month hybrid (online + on-campus) master’s degree program in international affairs designed for mid-career and senior-level professionals working around the globe in the public, private, and non-profit sectors. By combining 33 weeks of internet-mediated learning with 3 two-week residencies, the GMAP hybrid program structure offers the ability to earn a Fletcher MA degree while continuing to work full-time.
